REQUEST FOR LEGISLATION
April 19, 2016

From: Bonnie Wessler, City Planner

Subject: Offer to Purchase City-Owned Land

BACKGROUND & SUMMARY

Mr Ayad Jacksi, owner of Complete Auto at 311 S Grove, is proposing to purchase less than a tenth of an acre to the north and adjacent to his property that is currently part of the Factory right-of-way. This process began in late 2012, when Mr Jacksi applied for a conditional rezoning for his property (from B2 to B4) to permit auto sales in addition to the existing auto repair. A part of this plan proposed by Mr Jacksi included purchasing the right of way adjacent to the property to expand the car sales area and get more Factory Street frontage, and exposure/visibility, for the commercial use. Mr Jacksi began this process with Ms Gillotti; in the meantime, no work was done on the site.

At the end of 2014, a new zoning ordinance was adopted. The conditional rezoning, having been "pending" since 2012 and such status being renewed for one year in December 2013 by Council, became moot. Mr Jacksi then applied for

a special use permit for auto sales on the site, again including the additional right-of-way to the north in his plans. The special use permit and site plan approval were granted with the condition that the applicant acquire the property (plans attached); should the property not be acquired, he would have to reapply. Negotiations and work began again on the potential sale. The applicant obtained an acceptable survey, and the purchase agreement (attached) and price (\$2,500) from the previous negotiations were used.

Note that this process was begun prior to Council's adoption of a policy regarding disposition of City-owned parcels, which will in the future help serve to inform the staff's recommendation to Council regarding these types of transactions.

2. **Purchase and sale.** Seller agrees to sell the Premises to Buyer, and Buyer agrees to purchase the Premises from Seller, together with all easements, rights, hereditaments, and appurtenances, on the terms and conditions set forth below.

3. **Purchase price.** At the Closing of this Agreement as defined below, Buyer shall pay Seller \$2,500 (two thousand, five hundred dollars), which shall be paid at Closing in immediately available funds.

4. **Earnest money deposit.** On signing this Agreement, Buyer shall deposit with the title insurance company providing the title insurance for this transaction, as escrow agent (Escrow Agent), \$500 in certified funds. Escrow Agent shall hold and disburse that earnest money as provided below. The earnest money together with any interest (cumulatively, the Deposit), shall constitute a credit against the Purchase Price at Closing. The Deposit shall be placed in an interest-bearing account with the interest to accrue and be a part of the Deposit and be returned to Buyer or paid to Seller as part of the Deposit as stated in this Agreement.

5. **Due Diligence Period.** Buyer has the right to conduct a due diligence review of the Premises as follows: The term Due Diligence Period means the 120-day period beginning with the Effective Date of this Agreement. If, on or before the expiration of the Due Diligence Period, Buyer elects to terminate this Agreement, for any reason as determined in its sole discretion, Buyer shall deliver a notice of its election to terminate to Seller, with a copy to Escrow Agent, and this Agreement shall automatically terminate. Escrow Agent shall deliver the Deposit to Buyer, and neither Seller nor Buyer shall have any further rights or obligations under this Agreement. If Buyer fails to deliver a notice of termination of this agreement during the Due Diligence

Period, Buyer shall close on the terms stated in this Agreement without further extensions.

6. Buyer's access to the Premises. During the Due Diligence Period, Buyer and its employees, agents, contractors, and invitees will have reasonable access to the Premises for the purpose of inspecting and evaluating the Premises. While Buyer and its employees, agents, contractors, or invitees are on the Premises, (a) they shall not unreasonably interfere with any use of the Premises by Seller; (b) Seller shall not be liable for any damage, loss, or injury caused by them, and (c) Buyer shall indemnify and hold Seller harmless from any damage, loss, or injury, including, without limitation, costs and expenses of investigating, defending, and settling or litigating any claim, including reasonable attorney fees, arising out of their presence on the Premises before the date of Closing. On completion of all such inspections and evaluations, Buyer shall return the Premises substantially to their prior condition.

7. Title insurance. Following the signing of this Agreement, Buyer may obtain a title insurance commitment for an owner's policy of title insurance for the Premises at Buyer's cost, issued by a title insurance company of its choosing.

8. Taxes and assessments. Because Seller is a home rule city, there are no real or personal taxes owed for the Premises. Buyer shall pay all real property taxes for the Premises and personal property taxes assessed against the personal property on the Premises after the date of Closing. Seller will pay all special assessments; deferred assessments; hook-up charges; or other fees, assessments, or charges imposed against the Premises that exist as of the date of Closing at or before closing.

9. Closing date and possession. Buyer and Seller shall complete the sale and transfer possession of the Premises from Seller to Buyer (the Closing) at a closing to be held within 30 days after the end of the Due Diligence Period. The Closing shall take place at the office of the title insurance company involved in the transaction or at another location agreeable to Seller and Buyer.

10. Form of conveyance. At the Closing, Seller shall grant and convey legal title to the Premises to Buyer pursuant to a quitclaim deed. The deed shall state the consideration as "for good and valuable consideration," and Buyer shall sign and file a transfer valuation affidavit to evidence the Purchase Price.

11. Closing. Seller shall prepare the closing documents and deliver them to Buyer for review and approval at least 10 days before the Closing. At or before the Closing, Buyer shall be responsible for the payment of the state

and county transfer taxes, the title insurance premium to issue a policy pursuant to the title commitment referenced above, and the costs of any recording fees to record any documents to clear title. At or before closing, Buyer shall pay the fees necessary to record the deed and any other documents to transfer title, the cost of the survey referenced above, any closing costs charged by any closing agent, and the cost of any inspections it obtained on the Premises. Buyer and Seller shall each pay their own attorney and other professional fees.

12. Condemnation. If all or any portion of the Premises are taken by the exercise of eminent domain or condemnation proceedings before the Closing, Buyer may, at its option, terminate this Agreement by giving written notice to Seller and a copy to Escrow Agent. In the event of a condemnation proceeding as a result of which Buyer elects to terminate this Agreement, any Deposit paid by Buyer shall be returned to Buyer. In the event of such a termination, this Agreement shall be null and void, and the parties shall have no further rights or obligations under this Agreement. If Buyer does not elect to terminate this Agreement in the event of the exercise of eminent domain, Buyer shall accept title to the Premises without any reduction of the Purchase Price, and Seller shall assign to Buyer, at the Closing, all of Seller's right, title, and interest in and to any resulting condemnation award.

13. Seller's default. In the event of any default by Seller that continues without cure for 10 days after delivery by Buyer of notice to Seller, Buyer shall have the right (but not the obligation) to terminate this Agreement by notice to Seller and Escrow Agent within 15 days after the end of the cure period, and Buyer shall have any and all rights and remedies available to Buyer in law and at equity arising out of the default, including, without limitation, specific performance. Notwithstanding anything in this Agreement to the contrary, in the event of such a termination, Escrow Agent shall promptly return the Deposit it holds to Buyer.

14. Buyer's default. In the event of any default by Buyer that continues without cure for 10 days after the delivery by Seller of notice to Buyer, Seller shall have the right (but not the obligation) to terminate this Agreement by notice to Buyer and Escrow Agent within 15 days after the end of the cure period, and Seller shall have any and all rights and remedies available to Seller in law and at equity arising out of the default, including, without limitation, specific performance. Notwithstanding anything in this Agreement to the contrary, in the event of such a termination, Escrow Agent shall promptly return the Deposit it holds to Seller.

15. Real estate broker. Seller and Buyer represent and warrant to each other that no real estate broker or any other person or entity has been involved in or is entitled to a commission as a result of the sale and purchase of the Premises contemplated by this Agreement.

16. Escrow terms.

a. Escrow Agent shall hold the Deposit until the Closing or until it receives a notice from one of the parties of a default by the other party under this Agreement. If Escrow Agent receives a notice of the schedule of the Closing from either of the parties, it will tender the earnest money at the closing pursuant to a closing agreement or statement approved by both parties. If Escrow Agent receives a copy of a notice of default from one of the parties to this Agreement, it shall send a copy of that notice to the other party. If an objection is received from the other party within 10 days from the delivery of the notice to that party, Escrow agent shall hold the Deposit until it receives approval from both parties to dispose of the Deposit in a stated manner. If no objection is received within the 10-day period of time, Escrow Agent shall forward the Deposit to the party that has given notice of a default.

b. Seller and Buyer agree that Escrow Agent assumes no liability under this Agreement except that of the holder of the Deposit. In the event of any dispute whether Escrow Agent is obligated to deliver the Deposit or whether any given disbursement shall be made to Seller or Buyer, Escrow Agent shall not be obligated to make any disbursements but may hold the Deposit until Escrow Agent receives authorization in writing, signed by both Seller and Buyer, directing the disposition of the Deposit. In the absence of any such authorization, Escrow Agent may hold the Deposit until the final determination of the rights of Seller and Buyer in an appropriate proceeding. If written authorization is not given or proceedings for determination are not begun and diligently continued, Escrow Agent shall have no obligation to bring an appropriate action or proceeding for leave to deposit the Deposit with a court of competent jurisdiction.

c. Seller and Buyer agree to jointly and severally indemnify, save, and hold Escrow Agent harmless from any liability resulting from Escrow Agent's duties, absent any commission or omission by Escrow Agent amounting to willful misconduct or gross negligence. Seller and Buyer agree to each pay one-half of any fee charged by Escrow Agent for its duties under this Agreement.

d. On disbursement of the Deposit in accordance with the Agreement, Escrow Agent is released and acquitted from any further liability under this Agreement, it being expressly understood that Escrow Agent's liability is limited by the terms and conditions set forth above.

17. Notices. Except as otherwise provided, all notices required under this Agreement shall be effective only if in writing or in a form of electronic or facsimile transmission that provides evidence of receipt and shall be either

personally served, electronically transmitted, or sent with postage prepaid to the appropriate party at its address as set forth in the introductory paragraph of this Agreement. However, notices to Escrow Agent shall be delivered to Escrow Agent at its address provided above. Either party or Escrow Agent may change its address by giving notice of the change or a facsimile transmission number to the other two as provided in this section.

18. **Entire agreement.** This Agreement and all exhibits constitute the entire agreement between the parties with respect to the subject matter of this Agreement, and all prior agreements between the parties with respect to the Premises, whether written or oral, are of no further force or effect. This Agreement may not be modified except by a written document signed by Seller and Buyer.

19. **Applicable law.** This Agreement shall be applied, construed, and enforced in accordance with the laws of the State of Michigan, without giving effect to conflicts of law principles. Venue for any disputes under this Agreement shall lie in Washtenaw County, Michigan.

20. **Binding effect.** This Agreement shall be binding on and inure to the benefit of the parties and their respective successors and permitted assigns. Seller and Buyer are permitted to assign this Agreement to affiliated business entities that are owned in total by either Seller or Buyer, but neither party shall assign or otherwise transfer its interest under this Agreement to any other third party without the prior approval of the other party to this Agreement, which shall not be unreasonably withheld.

21. **Severability.** If any term, covenant, or condition of this Agreement or its application is, to any extent, held to be invalid or unenforceable, the remainder of this Agreement or the application of the term, covenant, or condition to persons or circumstances other than those to which it is held invalid or unenforceable, shall remain effective; and each term, covenant, or condition of this Agreement shall be valid and enforced to the fullest extent permitted by law.

22. **Time of the essence.** Time is of the essence of this Agreement.

23. **Counterparts.** This Agreement may be executed in one or two counterparts, each of which will be an original, and all of which together shall constitute one and the same document. Facsimile signatures shall be effective as originals.

26. **Exhibits.** The following is an exhibit attached to and a part of this Agreement:

Re: City of Ypsilanti - Water Supply and Sewage Disposal System Revenue
Refunding Bonds, Series 2015

Dear Frances:

As we discussed with the City Manager, I have enclosed an Ordinance authorizing the issuance of the above-captioned Bonds to be considered for approval by the City Council at its meeting on April 5th. Due to the low interest rate environment and the ability to call certain bonds for early redemption, the City has the opportunity to refinance its existing Water Supply and Sewage Disposal System Revenue Refunding Bonds which were issued in 2006 to refinance several prior series of revenue bonds which were issued in 2001 and 2002 (the "Prior Bonds") at lower interest rates to achieve debt service savings for the benefit of the City and the users of the System.

The Ordinance authorizes the issuance of the Bonds in an aggregate amount not to exceed \$10,000,000 to pay the costs of refunding the Prior Bonds. The Bonds will be payable from the Net Revenues of the City's Water Supply and Sewage Disposal System. After issuance, the Bonds would be senior lien revenue bonds of the System. The Bonds are expected to be sold at a negotiated sale to Hutchinson, Shockey, Erley & Co. (the "Underwriter") as a public offering.

The Ordinance contains the mandatory requirements for Revenue Bond Ordinances as required by Act 94 of 1933 (the "Revenue Bond Act"). The Ordinance sets forth the terms of the Bonds and provides for a negotiated sale of the Bonds to the Underwriter. The Ordinance also authorizes the Mayor, City Manager, City Clerk and/or Finance Director to take any other steps necessary related to the issuance, sale and delivery of the Bonds. There are some blanks in the Ordinance in the form of the Bond

that do not need to be completed at or prior to adoption, but will instead be completed in the final Bond form once the final terms been determined. The Ordinance is similar in form to prior bond authorizing ordinances adopted by the City Council. This Ordinance is the only action item required by the City Council relating to the Bonds.

The City is authorized to proceed with the sale of the Bonds only if the City achieves net present value savings of at least 3% per annum through the refinancing. If approved, this would allow the City to move forward with the refinancing of the Bonds with a closing by August 1st to pay off the Prior Bonds on September 1, 2016.

Pursuant to Section 6 of the Revenue Bond Act, the Ordinance may be adopted in one reading without the need for a public hearing, regardless of any contrary provision in the City's ordinance adoption procedures. The Ordinance is required to be published once in full in your local newspaper after its adoption. Upon adoption by the City Council, we would appreciate receiving three (3) certified copies of the Ordinance and three (3) Affidavits of Publication of the Ordinance for bond transcripts.

I plan on attending the City Council meeting on April 5th to answer any questions from Council. If you or anyone copied have any questions, please do not hesitate to contact me.

Very truly yours,

MILLER, CANFIELD, PADDOCK AND STONE, P.L.C.

Section 5. Registration and Transfer. Any Bond may be transferred upon the books required to be kept pursuant to this section by the person in whose name it is registered, in person or by the registered owner's duly authorized attorney, upon surrender of the Bond for cancellation, accompanied by delivery of a duly executed written instrument of transfer in a form approved by the Transfer Agent. Whenever any Bond or Bonds shall be surrendered for transfer, the Issuer shall execute and the transfer agent shall authenticate and deliver a new Bond or Bonds, for like aggregate principal amount. The Transfer Agent shall require payment by the bondholder requesting the transfer of any tax or other governmental charge required to be paid with respect to the transfer. The Transfer Agent shall not be required (i) to issue, register the transfer of or exchange any Bond during a period beginning at the opening of business 15 days before the day of the giving of a notice of redemption of Bonds selected for redemption as described in the form of Bonds contained in Section 13 of this Ordinance and ending at the close of business on the day of that giving of notice, or (ii) to register the transfer of or exchange any Bond so selected for redemption in whole or in part, except the unredeemed portion of Bonds being redeemed in part.

The Transfer Agent shall keep or cause to be kept, at its principal office, sufficient books for the registration and transfer of the Bonds, which shall at all times be open to inspection by the Issuer; and, upon presentation for such purpose, the Transfer Agent shall, under such reasonable regulations as it may prescribe, transfer or cause to be transferred, on said books, Bonds as hereinbefore provided.

If any Bond shall become mutilated, the Issuer, at the expense of the holder of the Bond, shall execute, and the Transfer Agent shall authenticate and deliver, a new Bond of like tenor in exchange and substitution for the mutilated Bond, upon surrender to the Transfer Agent of the mutilated Bond. If any Bond issued under this Ordinance shall be lost, destroyed or stolen, evidence of the loss, destruction or theft may be submitted to the Transfer Agent and, if this evidence is satisfactory to both and indemnity satisfactory to the Transfer Agent shall be given, and if all requirements of any applicable law including Act 354, Public Acts of Michigan, 1972, as amended (“Act 354”), being sections 129.131 to 129.135, inclusive, of the Michigan Compiled Laws have been met, the Issuer, at the expense of the owner, shall execute, and the Transfer Agent shall thereupon authenticate and deliver, a new Bond of like tenor and bearing the statement required by Act 354, or any applicable law hereafter enacted, in lieu of and in substitution for the Bond so lost, destroyed or stolen. If any such Bond shall have matured or shall be about to mature, instead of issuing a substitute Bond the Transfer Agent may pay the same without surrender thereof.

The Series 2016 Bonds may be issued in book-entry-only form through the Depository Trust Company in New York, New York (“DTC”) and any Authorized Officer of the City is authorized to execute such custodial or other agreement with DTC as may be necessary to accomplish the issuance of the Series 2016 Bonds in book-entry-only form and to make such changes in the Series 2016 Bond form with the parameters of this resolution as may be required to accomplish the foregoing.

Section 6. Payment of Series 2016 Bonds. The Series 2016 Bonds and the interest thereon shall be payable solely and only from the Net Revenues, and to secure such payment, there is hereby created a statutory lien upon the whole of the Net Revenues which shall be a first lien to continue until payment in full of the principal of and interest on all Bonds payable from the Net Revenues, or, until sufficient cash or Sufficient Government Obligations have been deposited in trust for payment in full of all Bonds of a series then outstanding, principal and interest on such Bonds to maturity, or, if called for redemption, to the date fixed for redemption together with the amount of the redemption premium, if any. The first lien referred to herein shall be of equal standing and priority of lien with the City’s Outstanding Bonds which are not being refunded with this issue and senior in standing and priority of lien with the Issuer’s Outstanding Junior Bonds. Upon deposit of cash or Sufficient Government Obligations, as provided in the previous sentence, the statutory lien shall be terminated with respect to that series of Bonds, the holders of that series shall have no further rights under this Ordinance except for payment from the deposited funds, and the Bonds of that series shall no longer be considered to be outstanding under this Ordinance.

Section 7. Bondholders’ Rights; Receiver. The holder or holders of the Series 2016 Bonds representing in the aggregate not less than twenty percent (20%) of the entire principal amount thereof then outstanding, may, by suit, action, mandamus or other proceedings, protect and enforce the statutory lien upon the Net Revenues of the System, and may, by suit, action, mandamus or other proceedings, enforce and compel performance of all duties of the officers of the Issuer, including the fixing of sufficient

rates, the collection of Revenues, the proper segregation of the Revenues of the System and the proper application thereof. The statutory lien upon the Net Revenues, however, shall not be construed as to compel the sale of the System or any part thereof.

If there is a default in the payment of the principal of or interest on the Bonds, any court having jurisdiction in any proper action may appoint a receiver to administer and operate the System on behalf of the Issuer and under the direction of the court, and by and with the approval of the court to perform all of the duties of the officers of the Issuer more particularly set forth herein and in Act 94.

The holder or holders of the Series 2016 Bonds shall have all other rights and remedies given by Act 94 and law, for the payment and enforcement of the Series 2016 Bonds and the security therefor.

Section 8. Rates and Charges. The rates and charges for service furnished by and the use of the System and the methods of collection and enforcement of the collection of the rates shall be those in effect on date even herewith, as the same may be increased from time to time.

Section 9. No Free Service or Use. No free service or use of the System, or service or use of the System at less than the reasonable cost and value thereof, shall be furnished by the System to any person, firm or corporation, public or private, or to any public agency or instrumentality, including the Issuer.

Section 10. Fixing and Revising Rates. The rates presently in effect in the City are estimated to be sufficient to provide for the payment of the expenses of administration and operation and such expenses for maintenance of the System as are necessary to preserve the System in good repair and working order, to provide for the payment of the principal of and interest on the Bonds as the same become due and payable, and the maintenance of the reserve therefor and to provide for all other obligations, expenditures and funds for the System required by law, this Ordinance and the Outstanding Ordinances. The rates shall be reviewed not less than once a year and shall be fixed and revised from time to time as may be necessary to produce these amounts, including, but not limited to providing Net Revenues each year at least equal to 125% of the annual debt service on the Bonds, and it is hereby covenanted and agreed to fix and maintain rates for services furnished by the System at all times sufficient to provide for the foregoing.

Section 11. Bond Reserve Fund. The Reserve Account in the Bond and Interest Redemption Fund, as established by the Outstanding Ordinances shall be adjusted, so that upon issuance of the Series 2016 Bonds, the Bond Reserve Account shall total a sum equal to Reserve Amount. In the event that the amount in said Reserve Account is greater than such debt service requirement, such excess amount shall be promptly transferred to the Escrow Fund and used to reduce the principal amount of the Bonds.

Section 12. Bond Proceeds; Escrow Fund. From the proceeds of the sale of the Series 2016 Bonds there shall be immediately deposited in the Redemption Fund an

amount equal to the accrued interest and premium, if any, received on the delivery of the Series 2016 Bonds. Certain of the proceeds of the Series 2016 Bonds along with moneys on hand in the Bond and Interest Redemption Fund for the Refunded Bonds, if any, shall be deposited in an escrow fund or funds (the “Escrow Fund”) consisting of cash and investments in direct obligations of or obligations of the principal of and interest on which are unconditionally guaranteed by the United States of America or other obligations the principal of and interest on which are fully secured by the foregoing not redeemable at the option of the Issuer in amounts fully sufficient to pay the principal and interest on the Refunded Bonds upon call for redemption. The Escrow Fund shall be held by the Escrow Agent pursuant to an escrow agreement (the “Escrow Agreement”) which shall irrevocably direct the Escrow Agent to take all necessary steps to pay the principal of and interest on the Refunded Bonds when due and to call the Refunded Bonds for redemption on the first call date, as specified by the Issuer. The amounts held in the Escrow Fund shall be such that the cash and investments and income received thereon will be sufficient without reinvestment to pay the principal of and interest on the Refunded Bonds when due at maturity or by call for redemption as required by the Sale Order. The remaining proceeds of the Series 2016 Bonds shall be used to pay the costs of issuance of the Series 2016 Bonds. Any proceeds in excess of the proceeds deposited in the Escrow Fund or required to pay costs of issuance shall be deposited in the Bond and Interest Redemption Fund and used to pay interest on the Series 2016 Bonds on the next available interest payment date. The Authorized Officers are each authorized to select and appoint an Escrow Agent, and negotiate and enter into an Escrow Agreement on behalf of the Issuer.

Section 13. Bond Form. The Series 2016 Bonds shall be in substantially the following form:

This permit shall be kept by the owner and presented upon demand by any city official or police officer. Permits are non-transferable and do not run with the land. A permit may be obtained by any property owner of a property whose principle use is as a single-family or two-family zoned property within the City of Ypsilanti. Permits issued prior to June 1, 2010 will expire on July 1, 2011 and be renewable for two-year periods.~~

 - (8) A person shall keep hens in the backyard only. For this subsection, "backyard" means the portion of a lot enclosed by the property's rear lot line and the side lot lines to the points where the side lot lines intersect with an imaginary line established by the rear of the single-family or two-family structure and extending to the side lot lines.
 - (9) All enclosures for the keeping of hens shall be constructed, repaired and maintained in a manner to prevent rats, mice, or other rodents from being harbored underneath, within, or within the walls of the enclosure.
 - (10) All feed and other items associated with the keeping of hens that are likely to attract or to become infested shall be so protected so as to prevent rats, mice, or other rodents from gaining access to or coming into contact with them.
 - (11) Chicken coops and enclosures shall be at least 20 feet from any residential structure not owned by the permittee unless written permission is granted from the owner of the affected residential structure.
- (d) If the requirements of subsection (c) are not fully complied with, the city may revoke any permit granted under this section and/or initiate prosecution for a civil infraction violation.

~~Secs. 14-153—14-170. —Reserved.~~

ARTICLE IIV. - BEEKEEPING

Sec. 14-~~31~~71. - Definitions.

As used in this article, the following words and terms shall have the meanings ascribed in this section unless the context of their usage clearly indicates another meaning:

Apiary means the assembly of one or more colonies of bees at a single location.

Beekeeper means a person who owns or has charge of one or more colonies of bees.

Beekeeping equipment means anything used in the operation of an apiary, such as hive bodies, supers, frames, top and bottom boards and extractors.

Colony/hive means an aggregate of bees consisting principally of workers, but having, when perfect, one queen and at time many drones, including brood, combs, honey and the receptacle inhabited by the bees.

Honey bee means all life stages of the common domestic honey bee, *Apis Mellifera* species.

Tract means a contiguous parcel of land under common ownership.

Sec. 14-~~32~~72. - Purpose.

The purpose of this article is to establish certain requirements of sound beekeeping practices, which are intended to avoid problems that may otherwise be associated with the keeping of bees in populated areas.

Sec. 14-~~33~~73. - Other beekeeping unlawful.

Notwithstanding compliance with the various requirements of this article, it shall be unlawful for any beekeeper to keep any colony or colonies of bees and the beekeeper and/or property owner may be cited for a civil infraction pursuant to section 14-183 of this article.

Sec. 14-~~34~~74. - Permit Required.

Any person who wishes to keep bees in the city shall obtain a permit from the city prior to acquiring the bees or constructing the bee hive and pay a permit fee set by city council. This permit shall be kept by the owner and presented upon demand by any city official or police officer. Permits are non-transferable and do not run with the land. A permit may be obtained by any property owner of a property whose principal use is single-family or two-family. Permits shall expire after two years unless renewed before their expiration. A permit

constitutes a limited license granted to the beekeeper by the city and in no way creates a vested zoning right.

Sec. 14-~~35~~¹⁷⁵. - Private restrictions still apply.

Private restrictions on the use of property shall remain enforceable and take precedence over a permit. Private restrictions include, but are not limited to, deed restrictions, condominium master deed restrictions and covenant deeds. A permit issued to a person whose property is subject to private restrictions that prohibit the keeping of bees is void. The interpretation and enforcement of the private restriction is the sole responsibility of the private parties involved.

Sec. 14-~~36~~¹⁷⁶. - Hive type.

All honey bee colonies shall be kept in hives with movable frames, which shall be kept in sound and usable condition.

Sec. 14-~~37~~¹⁷⁷. - Flyways.

In each instance in which any colony is situated within 25 feet of a public or private property line of the tract upon which the apiary is situated, as measured from the nearest point on the hive to the property line, the beekeeper shall establish and maintain a flyway barrier at least six feet in the height consisting of a solid wall, fence, dense vegetation or combination thereof that is parallel to the property line and extends ten feet beyond the colony in each direction so that all bees are forced to fly at an elevation of at least six feet above ground level over the property lines in the vicinity of the apiary.

Sec. 14-~~38~~¹⁷⁸. - Water.

Each beekeeper shall ensure that a convenient source of water is available to the bees at all times during the year so that the bees will not congregate at swimming pools, pet watering bowls, bird baths or other water sources where they may cause human, bird or domestic pet contact.

Sec. 14-~~39~~¹⁷⁹. - General maintenance.

Each beekeeper shall ensure that no bee comb or other materials are left upon the grounds of the apiary site. Upon their removal from the hive, all such materials shall promptly be disposed of in a sealed container or placed within a building or other bee-proof enclosure.

Sec. 14-~~40~~¹⁸⁰. - Queens.

In any instance in which a colony exhibits unusual aggressive characteristics by stinging or attempting to sting without due provocation or exhibits an unusual disposition toward swarming, it shall be the duty of the beekeeper to promptly re-queen the colony with another queen. Queens shall be selected from European stock bred for gentleness and non-swarming characteristics.

Sec. 14-~~41~~~~18~~1. - Colony density and posting.

- (a) It shall be unlawful to keep more than two colonies on any tract within the city.
- (b) The beekeeper shall conspicuously post a sign setting forth his/her name and phone number. It is a defense against prosecution under this subsection that a colony is kept upon the same tract upon which the owner resides.
- (c) Unless marked in accordance with subsection (b), it shall be presumed for the purposes of this article that the beekeeper is the person or persons who own or otherwise have the present right of possession and control of the tract upon which a hive or hives are situated. The presumption may be rebutted by a written agreement authorizing another person to maintain the colony or colonies upon the tract setting forth the name, address, and telephone number of the other person who is acting as the beekeeper.

Sec. 14-~~42~~~~18~~2. - Michigan law.

The beekeeper shall fully comply with all State of Michigan Apiary Laws, MCLS 286.801 et al., including future revisions to Michigan Apiary Law. Additionally, a beekeeper selling honey must obtain and maintain a food establishment license if required to do so by the Michigan Food Law of 2000, MCLS 289.4101 et al.

Sec. 14-~~43~~~~18~~3. - Compliance.

- (a) Upon receipt of information that any colony situated within the city is not being kept in compliance with this article, the building inspector shall cause an investigation to be conducted. If he/she finds that grounds exist to believe that one or more violations have occurred, he/she shall issue a civil infraction to the beekeepers.
- (b) A civil infraction citation may be issued to the beekeepers once a day until such time as the bees are destroyed, removed, or the problem is corrected.
- (c) If, after a civil infraction is issued and the beekeeper does not cause the violation to be corrected in a prompt manner, the city may, at its discretion, revoke the beekeeper's permit and cause the colony or colonies to be destroyed.
- (d) The provisions of this section shall not prevent the city from destroying bees or a bee colony in the event that there is an immediate need to protect the public safety. Such circumstances include, but are not limited to:
 - (1) A bee colony not residing in a hive structure intended for beekeeping;
 - (2) A dangerous swarm of bees that poses an immediate risk to the safety of humans; or
 - (3) A colony residing in a standard or man-made hive which, by virtue of its condition, has obviously been abandoned by the beekeeper.

2. Severability. If any clause, sentence, section, paragraph, or part of this ordinance, or the application thereof to any person, firm, corporation, legal entity, or circumstances, shall be for any reason adjudged by a court of competent jurisdiction to be unconstitutional or invalid, such judgment shall not effect, impair, or invalidate the

remainder of this Ordinance and the application of such provision to other persons, firms, corporations, legal entities, or circumstances by such judgment shall be confined in its operation to the clause, sentence, section, paragraph, or part of this Ordinance thereof directly involved in the case or controversy in which such judgment shall have been rendered and to the person, firm, corporation, legal entity, or circumstances then and there involved. It is hereby declared to be the legislative intent of this body that the Ordinance would have been adopted had such invalid or unconstitutional provisions not have been included in this Ordinance.

3. Repeal. All other Ordinances inconsistent with the provisions of this Ordinance are, to the extent of such inconsistencies, hereby repealed.

4. Savings Clause. The balance of the Code of Ordinances, City of Ypsilanti, Michigan, except as herein or previously amended, shall remain in full force and effect. The repeal provided herein shall not abrogate or affect any offense or act committed or done, or any penalty or forfeiture incurred, or any pending fee, assessments, litigation, or prosecution of any right established, occurring prior to the effective date hereof.

5. Copies to be available. Copies of the Ordinance are available at the office of the city clerk for inspection by, and distribution to, the public during normal office hours.

6. Publication and Effective Date. The City Clerk shall cause this Ordinance, or a summary of this Ordinance, to be published according to Section 11.13 of the City Charter. This Ordinance shall become effective after publication at the expiration of 30 days after adoption.

VI. WORK SESSION – 6:00 – 7:00 p.m.

- Economic Development Update – Beth Ernat, Director of Economic Development

Economic Development Director Beth Ernat provided a presentation regarding economic development in the City. **(See Attachment)**

Council Member Murdock asked if Ypsilanti Cycle's building was purchased and if it included the business. Ms. Ernat responded both the building and the business were purchased.

City Manager Ralph Lange stated the Regional Transit Authority (RTA) will provide a presentation at the April 19th Council Meeting regarding the Michigan Ave corridor.

Mayor Pro-Tem Richardson asked who sits on the Washtenaw Convention and Visitor's Bureau from Ypsilanti other than Ms. Ernat. Ms. Ernat responded representation for the City includes Bill Nichols, Barry LaRue, and April King; Brenda McKinney from Superior Township; Brenda Stumbo from Ypsilanti Township; Tom Lamb from the Marriot and one other non-Ann Arbor representative.

Council Member Anne Brown asked if the marker in Riverside Park was provided by the Huron Watershed Commission or the CVB. Ms. Ernat responded she included the Huron Watershed Commission with the CVB since the Huron Watershed Commission has been a tremendous partner.

Mr. Lange stated there has been really good feedback from Angstrom.

Council Member Anne Brown asked if the Thompson Block has paid its taxes. Ms. Ernat responded the taxes are paid and will not be going into foreclosure for at least two years. She added the property owner is two years in arrears on their taxes. Council Member Robb asked if the owner was two years in arrears for taxes or the Dangerous Building fees, to which Ms. Ernat responded on taxes. Mr. Robb asked that the OPRA be brought to the next meeting for revocation and bring the OPRA policy to be revised adding failure to pay fees as cause for revocation. Mr. Robb stated a window blew out on the Thompson Block and asked what the City is doing about it. Ms. Ernat responded nothing was being done at this time. Mr. Robb asked what the City's recourse is at this point. Ms. Ernat asked when the window blew out, to which, Council Member Murdock responded that it was during a recent heavy windstorm. Ms. Ernat asked if that was reported by anyone on See.Click.Fix and Mr. Robb responded he is not certain. Ms. Ernat said if staff is unaware that this happened it is difficult to respond to. Mr. Robb stated now that staff is aware he expects a response.

Council Member Anne Brown asked if there is any activity at the Thompson Block. Ms. Ernat responded there is no activity currently at the building.

Mayor Edmonds asked the list price for the former Smith's Furniture building. Ms. Ernat responded she will provide that information at a later date. Mayor Pro-Tem Richardson stated the sign states the building is for lease. Ms. Ernat responded it is for lease or sale.

Council Member Murdock stated the Planning Commission is going to review the possible construction of a building on Lowell St. Ms. Ernat responded the lot is being split and the current owners are seeking to build a garage for the storage of firetrucks for the Firehouse Museum. Mr. Murdock asked if it is currently empty space. Ms. Ernat responded in the affirmative. City Planner Bonnie Wessler added the structure will be pole barn style and nothing more than an accessory structure to the Firehouse Museum. Mr. Murdock stated there has been discussion about that space being used for residential infill. Ms. Wessler responded the structure will occupy 2 acres of a 12 acre site. Mr. Murdock stated the land is owned by that company that wants to build the structure, to which Ms. Ernat agreed. Mr. Lange stated one of the hold-ups of the redevelopment of this property is this issue. Mayor Edmonds asked if the lot splitting is what is going before the Planning Commission. Ms. Wessler responded lot splitting is an

administrative action and does not require Planning Commission approval. Mr. Lange added this would be a major step forward in the redevelopment of that property.

Mayor Edmonds asked if the County Water Resources Office working to alleviate storm water issues in Riverside Park. Ms. Ernat responded Tony Vanderworp is working on leading that task. Ms. Edmonds replied she is aware that Mr. Vanderworp cares very deeply of that issue but she wants to be certain he is engaging the County's Water Resources Office.

Council Member Anne Brown stated the Friends of Peninsular Park have received a grant for improvements to that park. Ms. Ernat responded the Huron Watershed Commission is very interested in reactivating the power house located at Peninsular Park. Ms. Ernat said there are still a number of steps to be undertaken before that goal is reached.

Ms. Ernat stated there has been discussion of reactivating the dam. Council Member Murdock stated Council has opposed that for the last 25 years.

Mayor Edmonds asked what is happening on the north end of Frog Island close to the river. Ms. Ernat responded that a canoe launch is being constructed as part of a Huron Watershed initiative. Ms. Ernat said the area near the stairs will be cleaned up as a result of this project. Ms. Ernat stated the Huron Watershed Commission will be working with the Depot Town to garner community buy-in.

Council Member Anne Brown asked if the Planning/Economic Development Department will formulate the external communication policy or will that be developed by an outside party. Ms. Ernat responded it is her intention is to have staff develop that policy in conjunction with Human Resources. Ms. Anne Brown suggested allowing Eastern Michigan University students to assist in the development of that policy.

Council Member Nicole Brown asked if an intern is required to have a particular major. Ms. Ernat responded that this is not required, and said she is willing to work with anyone willing to work with the community. Mayor Pro-Tem Richardson has been contacted by an interested individual and will forward that information to Ms. Ernat.

Mayor Pro-Tem Richardson stated the Embassy Suites in Livonia generally rent rooms for around \$100 to \$129 per night and it is an exceptional hotel. Ms. Ernat agreed.

Council Member Anne Brown asked if there would be onsite parking for the proposed hotel. Ms. Ernat responded in the affirmative and added it would be her hope to have it below ground so it is Tax Increment Financing Eligible. Ms. Ernat said below ground parking would be attractive to an entertainment venue also, which is why the lot lines should be less rigid.

Council Member Murdock stated that during the Master Plan process the new urbanists informed the City it needed to zone Water Street a certain way which is why the current grid system was designed for Water Street. Mr. Murdock said the process contained a lot of public input which was in favor of the grid system. Mr. Murdock asked if there will be opportunity for public input if the site plans are changed. Ms. Ernat responded in the affirmative. Ms. Ernat responded Planning and Economic Development fields do not always have the same opinion and planning for development and actually developing property are two different things. Ms. Ernat said she does not feel that it was a mistake when Water Street was planned for redevelopment but it has not worked to this point and should be revised. Mr. Murdock agreed and said Water Street should be made more flexible. Mayor Pro-Tem Richardson stated during the Shape Ypsi process there were some who were very opposed to how Water Street was planned and feels that there would be support for this change. Mayor Edmonds stated not only do planning trends change but the market also changes.

Mr. Lange stated Water Street was originally marketed as one piece for a larger development which was not successful. Mr. Lange stated the current development strategy was put into place and has been unsuccessful and what is now being suggested is a hybrid of those two models. Mr. Lange added he agrees with Ms. Ernat that this is more functional in terms of development. Ms. Ernat responded that as

the City has come out of the recession, development tends to change. Mayor Pro-Tem Richardson thanked Ms. Ernat for providing Council with a revision.

Mayor Edmonds asked if developers would still be able to choose the grid system without being bound by it. Ms. Ernat responded it is her intention to keep Michigan Ave intact as an extension of the downtown. Ms. Ernat added the vision of the downtown should not be altered but how the City approaches the lots on Water Street should be changed.

Mayor Edmonds asked what the next steps will be for this process. Ms. Ernat responded the first step will come later during this meeting when Council will be asked to approve directing staff to renegotiate with Herman Kittle. Ms. Ernat continued by adding that once Herman Kittle prepares a site plan and if the recreation center project moves forward or dies staff will have enough information to allow the engineers to create plans for the rest of that site.

Council Member Murdock asked if there was any update on the recreation center. Ms. Ernat responded not at this time but what from what she understands, the County Parks and Recreation Commission is conflicted. Ms. Ernat stated that from her standpoint, she will continue to push to have a feasibility study completed with a private developer. Mr. Murdock replied he thought that was already underway. Ms. Ernat responded it is underway and the process is currently involved in a stakeholder interview which is taking time. Ms. Ernat added having a taxable project on this site is paramount and she is interested in what will work best for the community and that makes financial sense.

VII. INTRODUCTIONS –

Mayor Edmonds introduced the following individuals: Assistant City Attorney Dan DuChene, Assistant to the City Manager Ericka Savage, City Planner Bonnie Wessler, Community Development Director Joe Meyer, and Fire Chief Max Anthonard.

VIII. PRESENTATIONS –

None

IX. AUDIENCE PARTICIPATION – (Added)

1. William McFarlane, Washtenaw County Road Commission, stated the Washtenaw County Road Commission requested the Washtenaw County Board of Commissioners to place a millage on the August ballot with the idea that the success of the Public Act 283 and based on that success the Road Commission suggests another round of improvements. He said this is based on the federal government and the state's inability to provide consistent funding for roads.
2. Sheryl Suddall, 1485 Wood Ct., Saline, Washtenaw County Road Commission, stated she is an engineer working for the Washtenaw County Road Commission. She requested Council support for a .5 mill a year for four years August ballot proposal. She said Public Act 283 has been used for the last two years which has been very successful. She said it was based upon a list of projects submitted by the Road Commission which includes input from cities and villages. She said the Road Commission is asking the County Board to take a step back for an improved version of Public Act 283. She said some of the differences is Public Act 283 was only to be used for roads and bridges and now 20% would be used for non-motorized projects such as the Border-to-Border Trail. She said it will be a four year millage which will provide for longer allowing for greater planning. She added one of the most important items is that it will require a vote of the people. She said while this is a new initiative, it really isn't a new millage, just a continuation of an ending millage.

3. Robin Stephens, 4362 Blossomfield Trail, Pittsfield Township, stated she is currently serving as a Washtenaw County public defender. She said she is currently gathering signatures for an available seat in the 14A-2 Washtenaw County District Court. She said one of the things she is concerned about is the bench warrant issue and making a connection between the community and the court.

Council Member Anne Brown asked what programming Ms. Stephens would bring to the court. Ms. Stephens responded there are a lot of specialty courts in Ann Arbor and in Ypsilanti Township but there are not in Washtenaw County as a whole. She said there are a lot of other services in the community that are not connected to the court that people could take advantage of. She said one of the things she is really passionate about is the juvenile court. She said juveniles in this community need to go to Ann Arbor to receive services which can be very challenging for the parents.

Mayor Pro-Tem Richardson asked if Ms. Stephens ever worked in Ypsilanti with the public defender's office. Ms. Stephens responded that was her first assignment when she came to the public defender's office in 1999 and worked there for 5 years. Ms. Stephens added she has worked at every court in Washtenaw County.

4. Bob Krzewinski, 706 Dwight St., Non-motorized Committee, stated the non-motorized committee supports the mid-block crossing items on the agenda and sees it as the final piece of the Border- to-Border Trail. He said the Non-motorized Committee is also in support of the road millage. He commended the Road Commission for including 20% of that millage for non-motorized issues.
5. Libby Hunter, 827 Bruce, Ann Arbor, stated she is a member of Radical Washtenaw (RAW) which issued a report of why black people are disproportionately arrested on bench warrants. She said Chief DeGiusti has written a response to the report and RAW has remarks from that report. She said the Chief's memo argues the report does not prove anything but the memo did not disprove any of the report's findings. She said the Chief provided no numerical data to disprove any of RAW's findings saying it would take up too much staff time. She said RAW has said it has been difficult to obtain any information regarding this issue and has had little help from governmental agencies to produce this data. She said the only new information provided by the Chief was an email from 2012 from the State Police instructing Ypsilanti to use code 5015 for all bench warrant arrests. She said in 2013 the Police began reporting multiple warrants for a single individual as separate incidences. She said one may presume that other police departments received the same email from the state police and Ypsilanti Police and Eastern Michigan University are the only departments in the County properly reporting bench warrant arrests.
6. Sasha Hoffman, 531 3rd St, Ann Arbor, stated both Chief DeGiusti and City Manager Lange expressed their commitment to Ypsilanti's motto, "Pride, Diversity, Heritage" and take offense to possible racial bias in police practices. She said the Chief has stated the data does not include where the arrestee resides and undermines black people are disproportionately affected by bench warrant arrests. She said even if a person does not live in Ypsilanti they are still affected by the arrest. She said what is most disconcerting is Chief DeGiusti's suggestion that if the desire is to decrease bench warrants perhaps bonds should be increased to keep defendants in jail until their court date. She said in the thinly veiled threat, Chief DeGiusti appears to insinuate that if members of the

community raise questions about the policing tactics it might make matters worse for defendants. She said the Department of Justice have warned state and local governments against fine and fee practices that punish the poor including pretrial money bonds that disproportionately impact people of color. She said while the Ypsilanti Police Department is not responsible for pretrial bond policies, the Chief is responsible for advocating unconstitutional bond practices.

7. Lee Tooson, 107 Middle, stated the public is still waiting for answers concerning the no parking signs on South Washington. He said no one seems to know how those signs got there and why they are there. He said when City Administrators are given raises in the City does Council have any input. He said residents should see some increased production when raises are given. He said now that the winter is over the streets need to be swept especially on the Southside and said people expect to see some worth for the taxes they pay. He said the no parking signs were put on Washington for safety and that is what is needed on Ferris St.

Council Member Nicole Brown stated on Monday, April 4th at a community forum Chief DeGiusti did try and explain his comments in response to the RAW report.

Mayor Edmonds asked for an update on the no parking signs on South Washington. Mr. Lange responded staff examined every traffic control order back to 2000. Mr. Lange said no traffic control order was issued to put up those signs and said staff has not determined why the signs were put up. Mr. Lange stated one of the most senior police officers with the Ypsilanti Police patrolled that area noticed the signs needed repairs. Mr. Lange said the officer asked DPS to replace the signs which was done.

Council Member Nicole Brown asked if those signs had been there for several years and nobody noticed them. Mr. Lange responded in the affirmative. Council Member Robb stated the signs do not show up in Google Maps and said the City Manager should do some investigation into this matter.

Mayor Pro-Tem Richardson stated she has driven up and down South Washington for the last 25 years and there has never been no parking sign on that stretch of road. Ms. Richardson stated she is part owner of 319 Washington and has held events where people have parked on both sides of Washington and there have never been signs there. Ms. Richardson stated someone must have authorized those signs and she wants to know who it was. Ms. Richardson stated if the signs resulted in complaints from Mr. Beal against Mr. Reid and his tenants that is Mr. Beal's problem.

Mayor Edmonds agreed it is strange that signs were put up randomly on that block and said there needs to be more fact finding done. Mr. Lange responded when the employee who does signs returns he will have a final report for Council.

Council Member Nicole Brown asked for the signs to be taken down. Mr. Lange responded he will take care of it.

Council Member Anne Brown asked which officer asked for the signs to be replaced. Mr. Lange responded Officer Chembry.

Council Member Murdock stated it seems to him that when those kind of things happen at least the representatives of that Ward should be given a heads up so they have the ability to answer questions.

Mayor Edmonds asked Mr. Lange's report include what kind of notification process the City employs when signs are placed in an area.

Mayor Pro-Tem Richardson asked who in the administration approved the signs. Mr. Lange responded he won't know until next week. Mr. Lange added DPS Director Stan Kirton said the sign were already in place and were being refreshed. Council Member Nicole Brown stated Mr. Kirton needs to be here to answer Council's questions. Mr. Lange stated he takes responsibility for this matter and he lives a block over and there is no parking. Mayor Pro-Tem Richardson stated that Mr. Lange lives on Huron and that is a state road.

Lee Tooson stated whoever is responsible for those signs has done an injustice to the City and asked if they will be terminated. Council Member Murdock responded the person who put up the signs is someone who works for the Department of Public Services who would have been operating under orders. Mr. Tooson responded whoever gave that order should be terminated.

X. PUBLIC HEARING –

Public hearing on a resolution to grant a permanent, non-exclusive easement over a portion of the southeast corner of city owned property (parcel ID 11-11-37-101-007) to Adams Outdoor Advertising Limited Partnership for the purpose of constructing and operating an electronic outdoor advertising structure and access to the said structure.

A. Resolution No. 2016-047, determination

WHEREAS, now Adams has provided a signed letter of intent to enter into a similar easement agreement, which is attached hereto

WHEREAS, the City is interested in moving forward with this arrangement;

OFFERED BY: Council Member Nicole Brown
SECONDED BY: Mayor Pro-Tem Richardson

Adams Outdoor Representatives Kevin Green and Mike Cannon thanked Mr. Lange and said he was very instrumental in getting this back on the table as well as Assistant City Attorney Dan DuChene.

Mr. Lange stated before staff brings an item before City Council it makes very careful the deal is good but there are times the company walks away from the deal. Mr. Lange said the City is working with a new team and the agreement that has been made is better than the last with fewer contingencies. Mr. Lange added this will assist in freeing up other deals that could happen in the City

B. Open public hearing

None

C. Resolution No. 2016-048, close public hearing

THAT the public hearing on a Resolution Authorizing Grant of Easement to Adams Outdoor Advertising, LLC be officially closed.

OFFERED BY: Council Member Nicole Brown

SECONDED BY: Mayor Pro-Tem Richardson

On a voice vote, the motion carried, and the public hearing was closed.

Council Member Robb asked what exactly is being approved and he said there is not a contract included in the packet. Mr. Lange responded the resolution, background, and summary were included. Assistant City Attorney Dan DuChene said what has been provided to Council is a letter of intent and attached to that is a form which is essentially an easement agreement which will need to have the blanks filled in. Mr. DuChene stated approval will authorize the City Manager to execute the contract subject to the City Attorney approval. Mr. Robb stated the City Charter states Council is to approve all contracts. Mr. DuChene responded it would be delegated authority and he would inform Council if there was a substantive change. Mr. Robb stated some of the contract is vague and does not have teeth and said the contract states the billboard must be kept in reasonable repair and asked what that means. Mr. DuChene responded reasonable is a legal term. Mr. Robb asked what recourse the City has if the billboard is not kept in reasonable repair. Mr. DuChene responded essentially the City is providing an easement for a specific area of land and if they decide to relocate the sign within that piece of land they can do so but they will need to go through the planning and ordinance procedure. Mr. DuChene added if the City deems the billboard is not in reasonable repair the City would have to decide how it wishes to move forward. Mayor Edmonds stated that would be standard language in contracts such as these. Mr. DuChene said the City's teeth in this situation is breach of contract. Mr. Robb asked what would happen if there was a breach of contract. Mr. DuChene responded assuming the worst the City would take them to court. Mayor Edmonds added assuming the best the City would take them to mediation.

Council Member Robb stated there is a clause in the contract that seems meaningless and when he sees things like that he becomes nervous. Mr. Robb stated only Mayor Pro-Tem Richardson was on Council when the original lease was first executed in 2006. Mr. Robb said at that time staff submitted two resolutions one for a permanent easement and the other was for a 21 year lease. Mr. Robb said the recommendation from staff was to approve the 21 year lease. Mr. Robb said the decision is if Council wants to have a permanent easement or continue the practice of leasing for the next 12 years. Mr. Robb said this matter has become clouded with the Water Street debt issue and nothing has changed since 2006 making a permanent easement in the best interest of the City.

Council Member Murdock stated there is a reference to a maintenance agreement and asked if it covered more than the just the sign. Mr. DuChene responded he believes it involved everything around the sign. Mr. Murdock said he believed EMU was providing that maintenance. Mr. Lange responded that clause was carried over to that agreement.

Council Member Murdock stated the size in this agreement is different than the original. Mr. Lange responded the change is minimal.

City Attorney John Barr stated the language of this contract is standard regarding enforcement. Mr. Barr said there is a provision in the contract that if a lawsuit is filed attorney fees will be paid by the defendant. Mr. Robb stated there have been many changes in the past 15 years but this is a policy decision for the manager and Council.

Council Member Murdock asked why this is a permanent easement rather than a sale. Mr. DuChene replied every time permanent access has been discussed it has always been in the form of a permanent easement. Kevin Green, Adam's Outdoor, responded it provides for more flexibility. Mr. Green stated his company has paid several thousand dollars to build the structure and are striving well to be good community partners.

Council Member Murdock stated under the last agreement a couple signs were going to be removed and this agreement does not include that provision. Mr. DuChene responded the whole purpose of removing those signs was to allow the sign to be moved and since it is not being moved that is no longer necessary. Mr. Lange added when the sign ordinance was changed permission was given to have the signs out on the end of Mansfield. Mr. Lange explained that was a brand new sign and there is not going to be signs taken down as a result of this.

Council Member Murdock moved, seconded by Council Member Nicole Brown for revenue created by this sign be used to pay down the Water Street debt.

XI. ORDINANCES – FIRST READING –

Ordinance No. 1262 (940-0)

1. An ordinance to provide for the issuance and sale of water supply and sewage disposal system revenue refunding bonds.

- A. Resolution No. 2016-049, determination

THAT AN ORDINANCE TO PROVIDE FOR THE ISSUANCE AND SALE OF WATER SUPPLY AND SEWAGE DISPOSAL SYSTEM REVENUE REFUNDING BONDS TO PAY THE COST OF REFUNDING CERTAIN OUTSTANDING WATER SUPPLY AND SEWAGE DISPOSAL SYSTEM REVENUE BONDS AND TO PRESCRIBE THE FORM OF THE BONDS; TO

PROVIDE FOR THE COLLECTION OF REVENUES FROM THE SYSTEM SUFFICIENT FOR THE PURPOSE OF PAYING THE COSTS OF OPERATION AND MAINTENANCE OF THE SYSTEM AND TO PAY THE PRINCIPAL OF AND INTEREST ON THE REFUNDING BONDS AND CERTAIN OUTSTANDING BONDS OF EQUAL STANDING OF THE SYSTEM; TO PROVIDE AN ADEQUATE RESERVE FUND FOR THE BONDS; TO PROVIDE FOR THE SEGREGATION AND DISTRIBUTION OF THE REVENUES; TO PROVIDE FOR THE RIGHTS OF THE HOLDERS OF THE BONDS IN ENFORCEMENT THEREOF; AND TO PROVIDE FOR OTHER MATTERS RELATING TO THE BONDS AND THE SYSTEM be approved on First Reading.

OFFERED BY: Council Member Nicole Brown
SECONDED BY: Council Member Anne Brown

Pat McGow, Miller and Canfield, stated interests rates continue to be low and the City has debt that has the ability to be redeemed and paid off early. Mr. McGow said this revenue bond relates to bonds issued in 2001 and 2002 and refinanced in 2006. Mr. McGow explained that these bonds can be recalled in September and because the City has already refinanced this bond once it cannot refinance again until June at the earliest. Mr. McGow said there is a little over \$9 million outstanding and able to be refinanced later this year and the resolution before Council would authorize a revenue bond to pay off a bond to produce a lower interest rate. Mr. McGow explained that these revenue bonds are solely funded by rates and fees of water and sewer bills. Mr. McGow said Ypsilanti Community Utilities Authority manages the system however the debt is in the City's name. Mr. McGow said the benefit of the savings of the revenue bonds is the benefit goes to the system itself leading to a savings in the water and sewer rates.

Mayor Edmonds asked if the bonds must be used to benefit the system. Mr. McGow responded yes, and said the surcharge is based off the annual debt service. Council Member Murdock added Council sets the surcharge amount. Ms. Edmonds replied she is aware that Council sets the surcharge but each year it rises and Council must approve a higher amount.

Council Member Murdock asked for an estimate of the annual savings. Mr. McGow responded based on the market conditions in January, when this was calculated, the savings were \$80,000 or 7.5% of the debt service. Mr. McGow stated the market is fairly similar to what it was in January but the actual savings will not be determined until the City is closer to selling in either May or early June. Mr. Murdock responded because of the timing he expects Council will receive a rate hike from YCUA and usually when the rates rise the surcharge goes down and at that time this can be included in the discussion.

Ordinance No. 1263

2. An ordinance to amend the Ypsilanti City Code, Chapter 10, "Amusements and Entertainments" to remove those provisions relating to licensing.
 - A. Resolution No. 2016-051, determination

RESOLVED BY THE COUNCIL OF THE CITY OF YPSILANTI:

That an ordinance entitled "AN ORDINANCE TO AMEND YPSILANTI CITY CODE CHAPTER 10 "AMUSEMENTS AND ENTERTAINMENTS" TO REMOVE THOSE PROVISIONS RELATING TO LICENSING" be approved on First Reading.

OFFERED BY: Council Member Nicole Brown
 SECONDED BY: Mayor Pro-Tem Richardson

Mr. DuChene stated as the Request for Legislation indicates this is a clean-up of the code as a result of requests from Council. Mr. DuChene stated the first ordinance on the agenda is regarding amusements which essentially there are licensing requirements for "arcades and pool halls". Mr. DuChene stated the license requires a fee that is not being collected and the change will remove that requirement. Mr. DuChene stated under "pool halls" the ordinance did not define what a pool hall is and that is now provided and the same operating requirements for arcades will be applied to pool halls.

Mayor Pro-Tem Richardson asked if there are any pool halls in the City. Mr. DuChene responded Stick's would be considered a pool hall. Council Member Murdock asked how many pool tables are required to be considered a hall. Mr. DuChene responded four.

Mayor Edmonds stated on page 9 on employment age it states, "no person under the age of 17 would be permitted to work at an arcade unless related to the owner" and said only people under the age of 17 would want to work at an arcade. Mr. DuChene replied that was included in the previous policy and if Council has a different prerogative it can be amended. Ms. Edmonds asked why that might have been included in the previous ordinance. Council Member Robb responded because of "Pac Man fever" and explained when arcades began to appear in the early 80's City Council was afraid they would appear in every storefront downtown. Mr. Robb explained arcades attract teenagers, and there was a fear of teenagers, and the genesis is older people not understanding youth.

- C. Resolution No. 2016-052, close public hearing

RESOLVED BY THE COUNCIL OF THE CITY OF YPSILANTI:

That the public hearing on an ordinance entitled "AN ORDINANCE TO AMEND YPSILANTI CITY CODE CHAPTER 10 "AMUSEMENTS AND ENTERTAINMENTS" TO REMOVE THOSE PROVISIONS RELATING TO LICENSING" be officially closed.

OFFERED BY: Council Member Nicole Brown
SECONDED BY: Council Member Anne Brown

On a voice vote, the motion carried, and the public hearing was closed.

Mayor Edmonds stated she would like a motion to be made removing the employment age in the ordinance and explained that it no longer seems relevant.

Council Member Nicole Brown moved to remove the employment age requirement form the ordinance.

Mayor Pro-Tem Richardson replied there is a provision in the ordinance stating with the expressed permission of the parent or guardian of the employee employment can be granted. Ms. Richardson asked if there is already a requirement for a parent to give permission for youth under the age of 17 to first grant the permission of a parent before acquiring employment. Mr. DuChene responded the individual under the age of 17 would both need to be related to the owner and given permission by their parent. Mr. DuChene stated a person under the age of 17 needs to obtain a work permit before being employed and this is the permission being granted. Council Member Murdock stated the "and" in the ordinance could be changed to "or". Ms. Edmonds said she does not believe Council should not be legislating employment law.

Mr. DuChene stated on page 14, Section 10-13, the ordinance forbids minors under the age 17 from working in a pool hall.

Council Member Robb stated discussion should cease if there is not a second and said if there is a desire to examine this further it should be tabled. Mr. Robb stated the reason he asked for the licensing requirement to be removed is because it is not enforced. Mr. Robb stated this is a meaningless ordinance in 2016 because none of it will be enforced. Council Member Murdock asked Council should send the ordinance back to have that whole section deleted. Mr. Robb responded that is why he is proposing this item be tabled. Mr. Robb said the reason he asked for these ordinances to be cleaned up is to remove what is no longer enforced to give validity to useful ordinances Council approves. Mr. Robb added these ordinances should be deleted until there is a need for them. Mr. DuChene replied he would much rather have an ordinance to govern a possible business rather than adopting an ordinance after a business opens in the City.

On a roll call, the vote to approve Resolution No. 2016-051 was as follows:

Mayor Edmonds stated she was informed by City Attorney Barr the following three ordinances can all be read together because they are all regarding animal control. Council Member Robb asked if the public hearing could be opened first then read the ordinances because Council procedurally cannot read an ordinance and move on to the next without voting on it.

Mayor Edmonds opened the public hearing for Ordinances 1264, 1265, and 1266.

SECONDED BY: Council Member Nicole Brown

On a voice vote, the motion carried, and the public hearing was closed.

Mr. DuChene stated some time ago the City shifted dog licensing to the County and no longer have an animal control officer. Mr. DuChene said essentially this would remove every ordinance referencing having an animal control officer and everything that would require an animal control officer to enforce from the code. Mr. DuChene stated other than dog leashes the City will be relying on state law.

City Council Meeting Minutes
April 5, 2016

Mr. Lange stated the core of this resulted from the Humane Society's agreement with Washtenaw County and the City having an agreement with the County. Mr. Lange said this agreement resulted in the Humane Society billing the City for excessive amounts. Mr. Lange said he was successful in removing the City from responsibility for that bill stating the City has never had a contract with the Humane Society. Mr. Lange added by removing this from the code it will further insulate the City.

That a public hearing on ordinance entitled "AN ORDINANCE TO AMEND YPSILANTI CITY CODE CHAPTER 22 "BUSINESSES" TO REMOVE THOSE PROVISIONS RELATING TO LICENSING" be officially closed.

OFFERED BY: Council Member Murdock
SECONDED BY: Council Member Anne Brown

On a voice vote, the motion carried, and the public hearing was closed.

Mr. DuChene stated this is a similar adjustment to the ordinance regarding amusements and references bed and breakfasts, health clubs, and spas. Mr. DuChene said there were licensing requirements that were never enforced and operations were made clearer and cross referenced throughout the ordinance.

Council Member Murdock stated it appears everything was eliminated in the ordinance regulating bed and breakfasts except for a couple of things. Mr. DuChene responded everything under licensing was eliminated. Mr. Murdock asked why the things that remained were left in the ordinance such as the "guest registered" and "maximum stay". Mr. DuChene responded because his objective was to remove licensing provisions. Mr. Murdock replied if the City is not requiring licensing why it would require registering. Mr. Barr responded the rationale of registration is so the City is aware that the people are there. Mr. Murdock asked if the Air Bed and Breakfasts will be registered. Mr. DuChene stated it is a policy determination of Council if it would like to remove more.

Mayor Pro-Tem Richardson asked if there were any state regulations requiring bed and breakfasts to be licensed. Mr. DuChene responded he would have to investigate that further. Ms. Richardson said if there are no licenses required how are bed and breakfasts regulated. Mr. Barr responded that would be regulated through zoning and building code. Mr. DuChene added bed and breakfasts would be part of inspection cycle.

Mayor Edmonds stated the part of the code regulating sanitation and hygiene is valuable. Ms. Edmonds said the issues that have occurred over the past year at Chidester which would have been better resolved if the City had an avenue to advocate for basic health and safety. Mayor Pro-Tem Richardson asked if a

bed and breakfast is not licensed how the City knows they are operating. Mr. Barr responded through the registration. Ms. Edmonds added a bed and breakfast would be required to have a business license.

Council Member Murdock stated the operating requirements are only applied to the health clubs.

Mayor Edmonds stated she supports this on First Reading but she would like to see how the bed and breakfast code matches to the code governing hotels. Mr. DuChene responded the code lists "bed and breakfasts, lodgings, and inn" would include hotels.

Mayor Pro-Tem Richardson asked if health clubs are included with bed and breakfasts. Mr. DuChene responded there are different business types in this code; one is bed and breakfasts, lodgings, and Inns, the other is health clubs.

Council Member Anne Brown asked if the recreation center opens would this ordinance have an effect on it. Mr. DuChene responded in the affirmative.

Mayor Pro-Tem Richardson asked if this would remove licensing for a health club. Mr. DuChene responded in the affirmative because the City does not license them. Council Member Robb added they are licensed with the omnibus business license.

Council Member Murdock stated there are some regulations such as the hotel tax which require those businesses to provide reports. Mr. DuChene responded in the affirmative and said he would investigate what regulations there are at the County and State level.

Mayor Edmonds stated she would like this item to come back with further information. Ms. Edmonds added there is a range of bed and breakfasts, inns, and lodgings in this City and it is appropriate for the City to have regulations over those practices but isn't sure of what is already required at the state and county level. Ms. Edmonds stated she would not mind tabling this item in order to better understand something that could have an effect of the health of this community.

Mayor Pro-Tem asked if there are any health clubs in the City and if there are, perhaps they should be regulated. Economic Development Director Beth Ernat responded they are already regulated by zoning. Ms. Richardson replied she is not referring where a health club is located she is referring to how a health club is defined and how to regulate those definitions.

Council Member Robb stated the appropriate assignment for Mr. DuChene is what Council wants to regulate and if it is covered by another entity. Mr. DuChene responded he assumes Council wants him to see if what is in the code is already regulated.

Mayor Pro-Tem Richardson suggested instead of removing sections of bed and breakfasts and health clubs they need to be enforced. Mr. DuChene responded that is the policy decision that is up to Council.

Ms. Ernat stated that the definition section of the zoning code regarding massage therapy refers to state licensing and individuals operating massage businesses are required to have a state massage license. Mr. DuChene added the state does license masseuses and the purpose of this ordinance when developed is to keep away the seedier type of establishments. Mr. DuChene added the things Council would want to avoid are still in the code. Mayor Pro-Tem Richardson replied the possibility of seediness when the ordinance was originated is still present. Mr. DuChene stated he agrees with those concerns and they are still regulated in the ordinance and all that is being removed is the licensing.

Mayor Edmonds asked for a motion to table in order to provide Mr. DuChene time to bring this back with more information.

Mayor Pro-Tem Richardson stated she is not opposed to licensing these businesses.

Council Member Robb stated Council should approve this on first reading and the Attorney's Office can write the memo between first and second reading.

Mayor Edmonds stated the way this revision reads licensing would be eliminated. Council Member Robb stated the licensing has never been enforced. Mayor Pro-Tem Richardson added then it should be enforced.

Council Member Anne Brown asked if the City licensing would be a second step after state requirements. Mr. DuChene responded he is not certain and would need to research further.

Mayor Pro-Tem Richardson moved, seconded by Council Member Anne Brown to table resolution No. 2016-059

Council Member Robb stated everything Mr. DuChene would do could be done between First and Second Reading. Mayor Edmonds asked what if there would be a substantial change. Mr. DuChene added that would be his concern, but if he does make substantive changes in the code it could be stated in the memo. Mr. Robb stated if substantive changes are made it will require another public hearing and will need to be posted in the paper and asked why take another month to pass this if it is not necessary. Ms. Edmonds responded she would rather better understand exactly what she is voting for.

XVI. RESOLUTIONS/MOTIONS/DISCUSSIONS –

- 1. Resolution No. 2016-071, authorizing staff to negotiate with Herman & Kittle for the purchase of approximately 3 acres of city-owned property commonly referred to as Water Street.

RESOLVED BY THE COUNCIL OF THE CITY OF YPSILANTI:

WHEREAS, Herman and Kittle Properties have submitted a Letter of Interest for the purchase of approximately 3 acres of city-owned property commonly referred to as Water Street; and

WHEREAS, the City of Ypsilanti has previously entered into a purchase agreement with Herman and Kittle Properties and the previous agreement expired after development was not approved at the site; and

WHEREAS, The City of Ypsilanti has the right to negotiate the sale of publicly owned property.

NOW THEREFORE BE IT RESOLVED THAT the Ypsilanti City Council directs City staff and legal counsel to negotiate a purchase agreement for said property to be reviewed by City Council at a future public meeting.

OFFERED BY: Mayor Pro-Tem Richardson

SECONDED BY: Council Member Nicole Brown

Ms. Ernat introduced Michael Rodriguez from Herman Kittle. Ms. Ernat stated the City is experiencing difficulties moving forward with development on the previous site. Ms. Ernat said based on those discussions it would be best to allow the purchase agreement to lapse. Ms. Ernat said Herman Kittle is interested in moving to a different site on Water Street immediately west of the Family Dollar and wrap around the Family Dollar for parking and a tot lot. Ms. Ernat explained Herman Kittle submitted a new letter of interest in the property and staff would like direction from Council to continue to negotiate a purchase agreement for the new site and moving the tax credits with the development. Ms. Ernat stated Herman Kittle has had preliminary discussion with MSHDA, but part of that is beginning this process as quickly as possible.

Michael Rodriguez, Herman Kittle, stated the original site was planned with infrastructure under contract for an 80 unit apartment building. Mr. Rodriguez said the third application had been submitted to MSHDA and was ready to go to the board; however, there were some environmental concerns. Mr. Rodriguez stated there was concern regarding future construction digging up soil and exposing the site to possible contamination. Mr. Rodriguez said Ms. Ernat, MSHDA, and Herman Kittle met in October leaving two possibilities either test the entire site or move locations, the new proposed location would be east of River St. and west of the Family Dollar. Mr. Rodriguez said the complex would have the same unit mix and rent structure and since it would have frontage on Michigan Avenue the first level would continue commercial space. Mr. Rodriguez said the leasing office and recreational amenities would be along River St. with possibly a few residential units and said the meeting with MSHDA was positive but MSHDA was not prepared to commit. Mr. Rodriguez stated there is \$3 million worth of home funds that need to be allocated by June or they will be lost and a modified application will be due by the end of May. Mr. Rodriguez said if the home funds are lost, there is no way this deal will work and asked that by May 31st the City have a purchase contract for the new site and an update to the PILOT referencing the new site. Ms. Ernat added the PILOT ordinance would change in the sense that the PILOT would only apply to the portion using tax credits and would not apply to the commercial space. **(See attached)**

Council Member Murdock stated the PILOT adopted was a delayed PILOT. Ms. Ernat responded the correct PILOT begins after the brownfield TIF reimbursement. Mr. Rodriguez said the original TIF length was 20 years and the TIF for the new site would provide less cost meaning less time to reimburse the TIF. Mr. Murdock asked if the Water Street TIF would be used to pay the debt. Mr. Lange said there is no TIF capture at this point. Ms. Ernat responded any capture to the Water Street TIF goes to the debt and the brownfield TIF pays the developer for their eligible activity. Mr. Murdock agreed with the City Manager the TIF plan is in the negative. Ms. Ernat replied the TIF does not have a valuation for this project. Mr. Murdock stated if this project gets the site to a zero valuation the next project would create a capture.

Mayor Edmonds asked if the estimated time for the PILOT to begin is 6 to 8 years. Mr. Rodriguez responded in the affirmative. Ms. Edmonds said the last PILOT was for longer but the proforma stated at that point there would be rehabilitation of the property and it is possible that would not happen in the new scenario. Mr. Rodriguez stated the earliest the project would be eligible for re-syndication would be 15 years. Ms. Edmonds asked if there are applications for the changed PILOT and Mr. Rodriguez responded in the affirmative.

Mr. Rodriguez stated the City and Herman Kittles would also need to work on the brownfield reimbursement agreement but that would not be due by May 31st. Mr. Rodriguez added the environmental impact would also need to be proved to MSHDA through testing. Ms. Ernat responded the testing has been done, the City is just waiting on the results.

Mr. Lange asked if the commercial component will pay taxes from the beginning and Mr. Rodriguez responded in the affirmative. Mr. Lange stated the City will begin re-examining the underground electric grid.

Ms. Ernat asked Mr. Rodriguez to refresh Council about the 60% AMI. Mr. Rodriguez responded the unit mix has not changed, the bedroom mix hasn't changed, and the AMI hasn't changed. Mr. Rodriguez said for the most part the Area Median Income will be 60%, rents will range from \$631 for a one bedroom to \$1,023 for a four bedroom. Mr. Rodriguez stated a 60% of Area Median Income for one person is \$35,460 and for a family of four it is \$50,580. Mr. Rodriguez said 64% of households in the area will fall within that threshold. Mr. Rodriguez said the project will be built with tax credits but will be comparable in terms of rents and quality of design to market rate development.

Mr. Lange stated one of the key items that made this project possible before was the census tract and asked if that is still in line with the project. Mr. Rodriguez responded in the affirmative.

Council Member Robb stated the site is being moved because of the contamination to which, Mr. Rodriguez responded in the affirmative. Mr. Robb stated the two parcels that would be purchased by Herman Kittle were priced at \$1.1 million and on this project, the sale price would be \$170,000 with which he takes issue. Mr. Robb stated the plan calls for first floor residential in the back by the parking lot. Mr. Robb explained there cannot be first floor apartments in the downtown and he does not understand how first floor apartments are allowed in the central business district. Ms. Wessler responded that is allowed if it is an apartment building, building type. Mr. Robb stated when he looks at a zoning map that would be allowed a block back. Ms. Wessler responded first floor apartments are allowed when there is first floor commercial. Mr. Rodriguez added in order to make the project more attractive everything along Michigan Avenue would be retail.

Council Member Robb stated during the economic development presentation there was discussion about changing the grid structure which would include public participation and now Council is being asked to approve a project changing that grid structure before the public has voiced its opinion. Mr. Robb stated when this was first discussed in 2008-2009 there were a lot of proposals for senior housing including a PILOT which Council did not want. Mr. Robb stated when originally planned this was a really good project, it was given 1.7 acres because it wasn't a PILOT, but then it became a PILOT. Mr. Robb said based on the old project the development would be required to pay \$120,000 in taxes a year, with the City's share being \$51,000 until the brownfield TIF was paid off and then the PILOT would begin. Mr. Robb said the difference between the PILOT in year zero and the taxes in year zero was \$120,000 versus \$76,000 which saved the development \$44,000. Mr. Robb said if the brownfield TIF payment duration is shortened from 22 years to 8 years it benefits the development even more, and it appears the City is negotiating against itself. Mr. Robb said this has been a contentious project since its inception. It was approved by a 4 to 3 vote and the PILOT was approved by a 4 to 3 vote. Mr. Robb said the development now wants to be moved to front Michigan Avenue which was planned to be an extension of the Downtown. Mr. Robb said there are two arguments that can be made; one is that zoning is based on shape and that what the City is getting is what it wants first floor commercial along Michigan Avenue and apartments or offices on the upper floors. Mr. Robb stated however this is a PILOT and this is not what

was envisioned for Water Street 15 years ago and it was not what was envisioned when this project was adopted in 2014. Mr. Robb said this project keeps changing into something further than what the City wants. Mr. Robb said Council has done a poor job discussing the millage that we would like the residents to pay for and Council has the opportunity to say it would like the residents to support the millage with a clean late for Water Street. Mr. Robb stated charrettes would be planned to gather public input to complete a new vision for Water Street but before that happens, Council will force through a project hated by the public when it was first introduced and now it will be moved to a more prime location. Mr. Robb said the approval of this project could possibly have an effect the passage of the Water Street millage. Mr. Robb stated this project has a lot going for it but it also has a lot of negativity attached, and said if this is a viable project, Council should look at it next year when funding becomes available rather than push it through possible effect the outcome of the millage vote. Mr. Robb stated Council must decide what is important; getting this development or getting the 2.3 debt millage to pass which is crucial for the solvency of the City.

Mayor Edmonds stated she would support this project but she is concerned about the PILOT taking effect much sooner than originally planned. Ms. Edmonds said however, she does not believe the approval of this project will have an effect in the approval of the Water Street Debt Millage and said the millage is about the community understanding how to move forward with Water Street and paying down the debt. Ms. Edmonds stated the City has invested a tremendous amount in Herman Kittle and Herman Kittle has invested in tremendous amount in the City and while it is a contentious project it will be beneficial to have commercial space along Michigan Avenue. Ms. Edmonds said although the recreation center has not moved forward this project is moving forward and that symbolism to the community is important as part of the messaging around the millage.

Mayor Pro-Tem Richardson stated she agrees with much of what Mayor Edmonds said and there was a lot of contention with this project but the fact that there will be commercial space along Michigan Avenue makes this project much different than the previous project. Ms. Richardson added that will make this project more viable and sellable to residents of Ypsilanti.

Mayor Edmonds stated she feels the City is selling the property for too low of a price but perhaps it is okay if it will move this project forward that has already had so much invested into it. Ms. Edmonds said it is important for the first piece to be completed on Water Street and with fewer economic development tools to offer developers this is a viable project.

Council Member Anne Brown stated the acceleration of the PILOT is a concern and the contamination and if the report is not positive. Mr. Rodriguez responded that is why he stated he is cautiously optimistic and MSHDA could still deny the project. Mr. Rodriguez added he hopes the tax revenue created from the commercial space will have the ability to offset some of the concerns of accelerating the PILOT. Mr. Rodriguez stated the \$200,000 that was spent over two years on the previous site will need to be spent again in order for Herman Kittle to do their due diligence on the new site. Ms. Anne Brown said Herman Kittle should be commended for moving forward with the City and its commitment to this project.

Council Member Anne Brown stated this project will add value to the site which has been waiting for development for over 15 years. Ms. Anne Brown said she understand this project has seen some negativity from the public but it adds value to Water Street and adds commerce and jobs.

Council Member Murdock stated when this project was originally planned it had items that were advantageous such as providing a lot of infrastructure for the rest of the site, the development would be on a site that is problematic, and originally the project did not have a PILOT. Mr. Murdock said there are tradeoffs now the project has commercial space in a far more visible space but he said he had issues with the PILOT as it was originally presented and this seems to be an expanded PILOT. Mr. Murdock said there will be other issues with infrastructure now that the project has been changed that the City will need to solve. Mr. Murdock said he is going to support this and see where this project goes.

Ms. Ernat stated the conversation has revolved mostly around the PILOT, but the way the PILOT is being presented today it will most likely be modified. Ms. Ernat said in fairness, staff and Herman Kittle has not

discussed how the PILOT will be structured. Ms. Ernat said Council's approval tonight would simply give the project preliminary support and direct staff to begin negotiations. Council Member Murdock asked if the sale price is locked. Ms. Ernat responded it is not locked, but it is one of Herman Kittle's contingencies to keep the sales price, however, the infrastructure is not off the table. Ms. Ernat said at this point, staff will be looking for an agreement to complete River St. to the mid-section of the property and a mid-level road intersecting with River St. Ms. Ernat said she has discussed Herman Kittle paying half of the underground electric grid with Mr. Rodriguez and in the previous deal Herman Kittle would only be funding a third of the grid. Ms. Ernat added it could possibly be linear feet less but through discussions she believes the infrastructure provided will be similar to the original deal. Mr. Murdock responded the original proposal was for Herman Kittle to construct a road and electric grid to the back end of the site. Ms. Ernat replied what is being talked about is \$200,000 worth of underground electric costs.

Council Member Robb stated the City can only expect \$35,000 in taxable value and the City is constantly being "baited and switched" regarding Water Street. Mr. Robb said when the Family Dollar project was originally presented Council was told it \$1.2 million in development with an assessed value around \$350,000 and \$400,000 and it now has an assessed value of less than his home. Mr. Robb said the PILOT will be 14 years less than originally presented and the City will collect \$35,000 a year from this property except for the 2% increases in rate they are allowed to do every year. Mr. Robb said this does not move the process forward or produce revenue for the City it actually will set the City back. Mr. Robb said Council should not rush this project. Mr. Robb said this was not publicized very well and the public did not show up to here discussion and if staff is given direction to negotiate it is based on Council eventually approving what was negotiated. Mr. Robb encouraged Council to wait for more information before approving this and said it is a giant project and if Family Dollar didn't set the tone for Water Street this project will.

Council Member Anne Brown asked Council Member Robb if it is his recommendation to table this until Council is given further information and public input. Council Member Robb responded that would be his plan "B" and it is his hopes that Council would vote against this resolution. Mr. Robb said this was a wonderful project on the original site before the PILOT and the new proposed site should not have affordable housing. Mr. Robb said the jewel of Water Street is east and west of S. River St. and this is the proposed site of this project which is the wrong project for that site.

Mr. Lange stated approval will only give staff direction to negotiate and not final approval. Mr. Robb responded once staff is allowed to negotiate the deal will come back with a PILOT, limited infrastructure, and a lower purchase price for the value of the land. Mr. Lange replied it is not final approval. Mr. Robb responded if Council directs staff to negotiate it assumes that staff will bring back a deal that Council will approve.

Mayor Pro-Tem Richardson called to question.

2. Resolution No. 2016-072, supporting the Michigan Mid-Block Crossing Project.

RESOLVED BY THE COUNCIL OF THE CITY OF YPSILANTI:

Whereas, this is a resolution of support for the Michigan Mid-Block Crossing; and

Whereas, the City of Ypsilanti City Council (the Council) desires to construct a Mid-Block Crossing on Michigan Avenue between Huron Street and River Street (the Project); and

Whereas, the Council has received a Transportation Alternative Program (TAP) Grant with an overall budget amount of \$290,000, of which \$196,000 (67.59%) is the federal portion and up to \$94,000 (32.41%) is the local match: and

Whereas, the Council has agreed to pay for all the construction and construction engineering costs in excess of the TAP Grant Fund; and

Whereas, the Council has agreed to own, operate and maintain the Michigan Mid-Block Crossing throughout the design life of the facility; and

Whereas, as an Act51 Agency, the Council is required by the Federal Highway Administration, and Michigan Department of Transportation, to be the recipient of such TAP Funds.

NOW THERE BE IT RESOLVED that the Council supports the Michigan Mid-Block Crossing Project located in the City of Ypsilanti and agrees to administer the project.

Mr. Lange stated there is four components to the Border- to-Border Trail; the Heritage Bridge, the Mid-Block Crossing, the Border to Border Trail running through Water Street, and the part on Grove. Mr. Lange said this project was a part of a large Transportation Alternatives Program Grant and the City tried to complete the tail of the trail up to Prospect Rd. Mr. Lange said because of a misunderstanding one of the requirements was to block the Honda Dealership entry which would require approval which was not given. Mr. Lange said because of that, staff needed to find an alternative to connect the Heritage Bridge to Water Street which is how the Mid-Block crossing was designed. Mr. Lange said this project is less than the cost of the original and the City will be able to build the crossing without amendments to the TAP Grant. Mr. Lange stated this project will not be completed in this fiscal year but will be completed in this calendar year. Mr. Lange added this is a form approval in order to move forward with MDOT.

Council Member Murdock stated he was trying to locate the documents that illustrated how this project would be funded to understand what this will cost us compared to what the original project cost was and out of what account. Mr. Lange responded it will be funded out of the Major Streets Fund. Mr. Murdock stated it will come out of next year's budget. Mr. Lange responded in the affirmative and the unexpended funds will roll over into next year's budget. Mr. Murdock asked if the cost is different. Mr. Lange responded no, the cost is essentially the same and staff was very conservative with the numbers because this must be built this year. Mr. Lange said this more than likely will come in under the original estimate and said if the estimates were too low the project would lose out on the 10%. Mr. Lange said

the construction is an 80/20 sharing and does not include design engineering which the City is responsible for. Mr. Lange said the cost is around \$83,000.

Council Member Robb said the way he read the memo is this project will cost \$79,000 more than what was budgeted.

Chris Zangara, Mannik and Smith Group, stated \$94,000 is up to the maximum amount for the local funding portion. Mr. Lange added when this project was originally bid the cost was around \$570,000, but the original project was altered because of issues with the left hand turn lane.

Council Member Murdock stated when the City went through the whole series of capital projects and at one time it was the understanding this project will be funded through other sources. Mr. Murdock said however it came to be the City would need to put in some funding and Council approved that and asked will that amount still be the same for this project. Mr. Lange guaranteed it will not be more than what was originally allotted for this project.

Council Member Robb stated he is confused what this request is for if the funding has already been budgeted. Mr. Zangara responded as a part of the TAP funding a resolution is required stating the City will provide the local match and the second resolution is the maintenance resolution and the request is to pass both those items. Mr. Robb responded what is confusing is when this was passed last June it was decided the City's share would be 28% and now the City's share is 32.1%. Mr. Zangara replied the TAP funding amount in totality was much larger. Mr. Robb replied the information provided to Council lists the same \$290,000. Mr. Zangara replied some changes were made in negotiations with SEMCOG which produced ratios of 32% and 67% and the total project amount of the project is \$290,000 and if the project amount did increase it was a result of those negotiations.

Council Member Robb stated the Downtown Development Authority was providing \$12,500, 414 funding, and the General Fund is how the project was originally going to be funded and asked if in Fiscal Year 2017 the City is going to only use Fund 202 money and the City will not use the 414 or the DDA funds. Ms. Ernat responded the DDA money would be used on the project and said the \$12,500 was split between the Heritage Bridge and the Mid-Block Crossing. Mr. Robb stated he was confused because the memo was incorrect. Mr. Lange disagreed and said the memo explains that this project must be completed this season and send it has been a year and the connection is still not finished. Mr. Lange said because of that he is being ultra-cautious with the numbers to ensure the project is completed.

Council Member Anne Brown called to question.

Mr. Lange stated this proposed project site is near the water tower on Cross St. in an area where an Eastern Michigan University student was killed in an accident. Mr. Lange said this was moved forward and approved for a TAP Grant and MDOT put a great deal of funding into this project. Mr. Lange said when this was originally proposed the City contribution was \$10,000 and \$20,000 from EMU. Mr. Lange stated unfortunately, EMU never provided their share. Mr. Lange explained EMU can only pay the \$20,000 if they are given an invoice from MDOT and MDOT does not give invoices. Mr. Lange said MDOT informed him if something is not done the City is going to lose a \$400,000 project. Mr. Lange said the solution was the City would take on EMU's \$20,000 contribution and then invoice EMU for the \$20,000. Mr. Lange said this would solve the problem and the Memorandum of Understanding (MOU) would be in place and Council's approval is needed to move forward with the project.

Council Member Robb asked what the reason the City's contribution increased was. Mr. Lange responded he is not certain there is an increase and said staff uses conservative numbers to ensure the project will be completed but more than likely cost will not exceed.

4. Resolution No. 2016-073, approving Neighborhood Enterprise Zone (NEZ) policy.

RESOLVED BY THE COUNCIL OF THE CITY OF YPSILANTI:

WHEREAS, City Council has passed a resolution providing the City's goals, objectives and policies; and

WHEREAS, the City Council has held a public hearing on the NEZ that resulted in one comment in favor of the creation of the District; and

WHEREAS, the City Council desires to have an established policy prior to the implementation of the NEZ district to outline who is eligible and how to approve NEZ District Certificates.

NOW THEREFORE BE IT RESOLVED THAT the Ypsilanti City Council hereby approves the City Policy and Procedures Regarding Approval of Neighborhood Enterprise Zone Certificates contingent upon the approval of the NEZ District.

OFFERED BY: Council Member Nicole Brown

SECONDED BY: Mayor Pro-Tem Richardson

Community Development Director Joe Meyers stated he and Economic Development Director Beth Ernat have been working internally and with the public to recommend to Council how to authorize NEZ certificates. Mr. Meyers stated one of the big changes from the last time this was presented was non-homestead properties. Mr. Meyers explained the goal is to improve the housing stock and the only way to do that is to allow rental housing to be a part of the NEZ policy as long as rentals are awarded the lowest amount of time possible. Mr. Meyers said one of the major benefits of allowing this is to qualify for this policy the home must be brought to full inspection code. Mr. Meyers said in order to acquire a loan for improvements the house must be conforming. Mr. Meyers said the more work completed on a home can increase the length of the certificate.

Mayor Pro-Tem Richardson stated she does not support of allowing rentals into this program. Ms. Richardson said the Economic Development Corporation's goal in that area was to reduce the amount of rentals across the City. Ms. Richardson said she would like to add a provision to the policy requiring a home owner to have lived in the home for at least three years. Council Member Nicole Brown agreed. Mayor Edmonds stated she would sway to the will of Council regarding the rental aspect of the policy but would be against a stipulation requiring a person live in the home for three years before qualifying for the policy. Ms. Edmonds explained she has spoken with many people who grew up in Ypsilanti and would like to move back and if this policy was open to them it might be another pull factor.

Mr. Meyers stated there are two different parts to the NEZ; a rehabilitation aspect and new construction and new construction would be required to have a homestead exemption. Mr. Meyers said a person would lose a certificate immediately if they tried to rent a home that used the program for new construction. Mayor Edmonds asked if Mayor Pro-Tem Richardson does not support using this program to rehab rental homes. Mayor Pro-Tem Richardson responded in the affirmative. Council Member Nicole Brown added she does not have an issue for people using this program for rental homes. Mr. Meyers said this policy requires an applicant to have a current rental inspection certificate to be eligible.

Mayor Edmonds stated it is hard for her to make a decision without knowing which homes are rentals and which homes are owner occupied. Mr. Meyer responded that map does exist and he would provide it to Council.

Mayor Pro-Tem Richardson stated one of her reasons for being against offering this program to rentals is there are a number of absentee landlords in that area and she does not want this program to be used only to increase rent. Ms. Richardson added her interest is moving the City toward greater owner occupied homes.

Council Member Murdock stated that whole area was recently rezoned R-1 which allow for both single family rentals and multifamily rentals. Mr. Murdock said he would like to differentiate between the two in order to keep only single family homes eligible. Mr. Murdock asked for clarification on how the tax component will work. Mr. Meyers responded if a person buys a lot and builds a house that person would pay half of the state millage rate which is roughly 25 mils and if the home is rehabbed it works similar to an OPRA and freezes taxes as is. Mr. Murdock stated if a person buys an empty lot it would be full taxes. Mr. Meyers responded correct. Mr. Murdock said if the property is being rehabbed it is different if a roof is put on the home it doesn't increase the value and he would like to know what the incentive for rehabbing a home. Mr. Meyers responded some of the homes in the area that are valued at \$10,000 if the value is increased by \$10,000 it doubles the value. Mr. Meyers said it is an incentive to get people interested and inform them of the many things they can do.

Mayor Edmonds asked if by creating the zone other funding mechanisms might be available. Mr. Meyers responded the City already has the building permit fee fund which is 10% of the building cost which is an incentive to assist in sustaining the NEZ. Mr. Meyers said there are also County rehab funds that can be paired with this program. Mr. Meyers added the building permit fee fund gets people in the door and then we are able to offer them the NEZ program as well as show that the City cares about this community and wants to see it succeed. Ms. Edmonds agreed that the program is about investment and looking for multiple tools for that investment.

Council Member Anne Brown asked what has been the response to the Property Disposition Policy. Mr. Meyers responded staff has received eight applications, but not all of them qualify because of code issues or they do not live in the City. Mr. Meyers said staff was received a lot of calls of people wanting to buy lots which a policy will be brought to the next meeting.

Council Member Robb stated the biggest value is having people build as a result of this policy and said the rehab millage is 5/8ths of the County and City millage rate. Mr. Meyers responded the 5/8ths are only from the last three years. Mr. Robb said if a person rehabs they pay the 30 mils for the rehab. Mr. Meyers responded if a person rehabs it locks the millage rate at the rate before any improvements made until the end of the NEZ certification. Mr. Robb asked if this program will affect the land value. Mr. Meyers respond in the affirmative.

Council Member Robb stated he agrees with Mayor Pro-Tem Richardson that non-homestead properties should be exempt from this program.

Council Member Robb moved, seconded by Mayor Pro-Tem Richardson to eliminate Section C, Non-Homestead Properties.

Mayor Edmonds stated she would follow the consensus of Council on this amendment, but if she owned a home surrounded by all rentals she would like this option available to those homes. Mayor Pro-Tem Richardson responded she understands but feels that it should be done in a different manner. Council Member Nicole Brown added she would support the amendment as long as another solution for rentals is examined.

On a roll call, the vote to amend Resolution No. 2016-073, eliminate Section C, Non-Homestead Properties, was as follows:

5. Resolution No. 2016-074, supporting the Washtenaw County Board of Commissioners placing a four year .5 mil ballot question before voters on August 2, 2016 for keeping existing roads, streets, paths, bridges and culverts repaired and safe.

RESOLVED BY THE COUNCIL OF THE CITY OF YPSILANTI:

WHEREAS, this is a resolution of support for the Washtenaw County Board of Commissioners placing a four year .5 mill ballot question before the voters on August 2, 2016, to keep existing roads, streets, paths, bridges and culverts in reasonable repair and in a condition reasonably safe and fit for public travel; and

WHEREAS, the road commission's determination keeps public roads, bridges and culverts already built in reasonable repair, and in condition

reasonably safe and fit for public travel in and around the City of Ypsilanti; and

WHEREAS, the Washtenaw County Board of Commissioners is considering placing a four year .5 mill ballot question before the voters on August 2, 2016 to perform needed road maintenance and repairs in 2017-20; and

WHEREAS, the money generated by this ballot issue if approved is necessary because the State of Michigan has consistently failed to provide sufficient funding to the road commission; and

WHEREAS, poor roads can create unsafe conditions for motorists, cyclists, and pedestrians, hamper economic development, depress property values, and burden the City of Ypsilanti residents with unexpected vehicle repairs; and

WHEREAS, continued neglect of the City of Ypsilanti road infrastructure increases the eventual cost of repair;

NOW THEREFORE, BE IT RESOLVED that the City of Ypsilanti agrees with and supports the Washtenaw County Road Commission's placing a four year .5 mill ballot question before the voters on August 2, 2016.

BE IT FURTHER RESOLVED that a copy of this resolution is provided to the Washtenaw County Board of Commissioners and Road Commission.

Mayor Edmonds stated she had a chance to see the whole presentation at the Economic Coordinating Committee Meeting and said the County Commissioners is having a working session on Thursday, April 7th about this because there are many factors relating to this item. Ms. Edmonds said the City of Ann Arbor is considering ballot proposal. Ms. Edmond stated the County is aware that there are many other proposals that will be on the ballot at that time and is open to input.

Council Member Murdock stated when he looked at this memo he realized there will be at least six millage proposals appearing on the August ballot and they would all be valuable but when they are competing it becomes an issue. Mr. Murdock stated he does not think Council as a body should get involved in this issue and keep its focus on the Water Street Millage. Mr. Murdock stated the County could also push it through as they have before without the non-motorized part of the millage. Mr. Murdock asked Council should respond to this, should it table the item or should it be voted down. Council Member Robb stated it should be voted down because it would send a stronger message and said Council needs to think strategically when trying to pass the Water Street Millage.

Mr. Lange said he had a long conversation with the County Highway Engineer and this is an important issue but he agrees with Council that a message should be sent. Mr. Lange said normally the County would not ask for support it would just be put on the ballot but because it is so important they wanted to get support from the jurisdiction in the County. Mr. Lange stated money is going to get tight for roads in the future and the City needs to understand what the tradeoff is. Mayor Edmonds responded it is an important tradeoff and it is not devaluing roads but it is about voicing to the residents of the City that the Water Street millage is about the sustainability of the City.

Mayor Edmonds stated the other consideration of the request to table the resolution is it could send the message to the constituents that Council would bring this back to approve.

On a roll call, the vote to amend Resolution No. 2016-073, eliminate non-homestead, was as follows:

6. Resolution No. 2016-077, waiving FOIA Fees incurred by City Council Members.

RESOLVED BY THE COUNCIL OF THE CITY OF YPSILANTI:

WHEREAS, having access to information is paramount in effectively serving the public; and

WHEREAS, in its very first session in 1946, the United Nations General Assembly adopted Resolution 59(I) stating, "Freedom of information is a fundamental human right and ... the touchstone of all the freedoms"; and

WHEREAS, Council member Peter J. Murdock has submitted a FOIA for information pertaining to train service in Ypsilanti and was asked to remit \$400 for said FOIA; and

WHEREAS, Section 15.234 of the Michigan Freedom of Information Act allows a public body to furnish public records without charge if the public body determines the waiver of fees in is because searching for or furnishing copies of the public record can be considered as primarily benefiting the general public; and

NOW THEREFORE BE IT RESOLVED that City Council hereby waives the fees for the FOIA as having access to this information is in the interest of the public good.

OFFERED BY: Council Member Robb

SECONDED BY: Council Member Murdock

Mayor Edmonds asked Mr. Barr how Council should handle this resolution considering it involves a Council Member. Mr. Barr responded City Council set the FOIA Policy which indicates small fees can be waived easily and larger amounts then the cost is sent on to the requestor. Mr. Barr said this particular case was a request for emails which are kept by the County. Mr. Barr said the County filtered those emails and the amount came to around 5,000 emails which were billed to the Attorney's Office. Mr. Barr explained the emails need to be examined to ensure to redact any confidential information. Mr. Barr stated the issue is a Council Member asked for this information and is the information wanted by all of Council or just an individual Council Member. Ms. Edmonds said her question was more regarding process and asked if Council Member Murdock should recuse himself from this discussion, or is he eligible to second the resolution. Mr. Barr responded there is certainly a conflict of interest since he submitted the FOIA request. Mr. Barr stated it is his opinion that Council Member Murdock should not participate in the discussion and technically not second the motion.

Council Member Murdock withdrew his second.

Council Member Robb stated he has opinion the City Attorney wrote on him when he was suing someone and he was allowed to vote on their resolution and it was not a conflict of interest. Mr. Robb stated this is not financial gain for Council Member Murdock this is for the public good.

Council Member Anne Brown asked if the policy outlines what the small amount of cost for FOIA is. Mr. Barr responded around \$20 to \$30.

Mayor Edmonds asked if Council Member Murdock withdrew his seconded. Council Member Murdock responded in the affirmative. Ms. Edmonds asked if there is a second. Ms. Edmonds stated with no second the motion failed.

XI. LIASON REPORTS –

- A. SEMCOG Update – No report
- B. Washtenaw Area Transportation Study – No meeting
- C. Urban County – Meeting tomorrow Wednesday, April 6th.
- D. Freight House – Council Member Murdock stated he does not have a report because no work is being done.

Mayor Edmonds asked for clarification of why Mr. Murdock responded the City added more requirements that need to be approved by the State Historic Preservation Office. Ms. Edmonds asked the City Manager would follow-up and provide a report.

- E. Parks and Recreation – Council Member Anne Brown stated Parks and Recreation Commission are preparing for Ypsi Pride Day which is on May 21st. Ms. Anne Brown stated she still has questions about the grant applications and the intern position. She said she attended a meeting in Superior Township and there was concern that the positons had not been posted. She said John Fenton will not be heading Trail Town. She said she has been appointed to the Water Task Force which will meet on April 12th.
- F. Ypsilanti Downtown Development Authority – Mayor Edmonds stated the DDA will be meeting one week early on Thursday, April 14th at 8:30 a.m.
- G. Eastern Washtenaw Safety Alliance – Council Member Anne Brown stated the Eastern Washtenaw Safety Alliance and Workforce Development has created a youth work program.
- H. Police-Community Relations/Black Lives Matter Joint Task Force – Meeting Monday, April 11th.

XII. COUNCIL PROPOSED BUSINESS –

Richardson

- Stated the storm drains on Jefferson St. are clogged causing flooding.
- Stated the speeding on Ferris needs to be solved.
- Asked for a report on all raises given to City Employees that were not a part of the last budget.
- Thanked Clerk McMullan for nominating her for the Jensen Clair Award from the Michigan Municipal League.

Council Member Nicole Brown moved, seconded by Council Member Robb, to extend the meeting until 12:00 p.m.

On a voice vote, the motion carried, and the meeting was extended.

Nicole Brown

- Echoed Mayor Pro-Tem Richardson's concerns with speeding on Ferris.
- Stated she wants to know what is going to happen to people who have received tickets in the timeframe that the signs were up on Washington.
- Stated she was invited to join the Friends of the Rutherford Pool Board and will begin the board in May.

Mayor Edmonds asked for Rutherford Pool to be added to the Liaison Report.

Anne Brown

- Stated she and the City Manager attended the Emergency System training which was very informative.
- Asked about the house on Sherman which she mentioned in a previous meeting.

Robb

- Asked Council to schedule a special meeting on Tuesday, April 12th to at 7:00 p.m. to do the employee evaluations.

Mayor Pro-Tem Richardson stated she will not be available on the 12th. Council Member Robb asked if she would be available on the 18th. Mayor Edmonds asked if Council Member Robb would send out a doodle poll. Mr. Robb responded in the affirmative. Council Member Anne Brown asked if the Evaluation Committee has already met. Mr. Robb responded the Committee still needs to meet and will schedule with the Mayor Pro-Tem Richardson. Ms. Edmonds suggested a 7:00 a.m. to 8:00 a.m. for the evaluations. Council Member Nicole Brown responded she is not in favor of a 7:00 a.m. to and 8:00 a.m. because it isn't enough time.

- Stated six weeks ago he asked for a policy and received no answer and asked what the easiest way to ask for information is.

Mayor Edmonds asked Mr. Lange to write a memo regarding the process for Council to obtain information from staff. Mr. Robb stated everything he asked for is in the minutes and said he thought that was one of the purposes of minutes. Ms. Edmonds said she understands Mr. Robb's concerns and better communication could be a listed goal. Mr. Robb replied it is not a goal and he is frustrated and said the Mayor is asking for a process developed for something very simple. Ms. Edmonds replied Mr. Robb asked a process and she was directing the City Manager to prepare a memo regarding that process. Mr. Robb asked Mr. Lange to send him an email by 9:00 a.m. to inform him of the process to obtain information from staff and copy all of Council on the email. Ms. Edmonds stated that needs to be balanced with realistic turnaround time. Mr. Robb stated six weeks is unacceptable. Ms. Edmonds responded she is not suggesting it is but there is a process that Council needs to be aware. Council Member Anne Brown added in her office the policy is staff has 24 hours to respond. Mr. Robb stated he has not received not even receive confirmation that his request was received. Ms. Anne Brown responded that is a cultural issue which would come from the top of the administration.

Murdock

- Stated he and Council Member Robb had a town hall meeting and around 30 to 35 residents attended and there was a lot of interest in the train stop, Water Street both debt and development, and traffic issues.
- Said on Wednesday, April 13th a meeting was held at the Freight House to discuss filling in the bike path gap on Forest between Prospect and Norris.

Mayor Edmonds asked who held the meeting. Council Member Murdock responded he held the meeting but it involved members of the Non-Motorized Committee. Mr. Murdock added filling that gap is part of the non-motorized plan. Mr. Lange asked what time the meeting will be held. Mr. Murdock responded it will be held 7:00 p.m. Ms. Edmonds asked if the meeting was sponsored by the Non-Motorized Committee and asked if staff was made aware. Council Member Robb responded Bob Krzewinski was assisting. Ms. Edmonds asked if staff knew about the meeting. Mr. Robb responded it was his and Council Member Murdock's meeting and said there is money in the budget to do this project.

- Stated the County's email system has been changed and it is now worthless to him.

Council Member Robb responded the system used to have a pop-mail server in order to download email to a desktop. Mr. Robb said the County will not support personal computers and in the fall the County discontinued the pop-mail server for only the City of Ypsilanti. Mr. Robb said because of this the City has 200 MB of storage on the web and once that storage is used you are required to delete emails. Mr. Robb explained there are two solutions to this issue Council can request the City Clerk to setup email on computers at City Hall or 7 computers are put in the budget and Council each gets a County laptop.

- Said all of Council received an email from Human Relations Commissioner Krista Nordberg regarding the opiate situation in Washtenaw County. He said Ms. Nordberg was questioning why the City does not issue naproxen to police officers because sometime they are the first responders. He said he thought it would be useful to discuss this with the Chief and Ms. Nordberg offered to provide Council with a presentation.
- Said he spoke with DPS Director Stan Kirton about ADA ramp lawsuit which has created a situation that double crosswalks are being requested at Prospect. Mr. Murdock said it doesn't make sense to him to do this when there are other places in the City that more desperately need ADA ramps. He said he does not know who would determine that but Prospect Rd is much easier to navigate than other places in the City. He added the Non-Motorized Committee is attempting to put together a list of locations in the City that need ADA ramps.
- Said Council only has two meeting left before the May 10th deadline to develop ballot language for the Water Street Debt Millage. He said he hopes it will be on the next agenda in case it needs to be edited.
- Said he noticed today the new SEMCOG TIF program has delayed the M-17/US-12 project until 2026 which will be very detrimental to motorists in the City. He said in that 10 years the City should examine if it would want to convert to two-way streets. He said there are other things the City can do if it decides to not do the two-way streets such as ADA ramps on Hamilton or use a TAP grant to change the lanes on North Hamilton and Huron, or pedestrian friendly crossings

at Pearl, Ferris and others. He said he has heard a lot of complaints about the crossing at Hamilton and Huron and it needs to be changed to eliminate the left hand turn lane. He said if that is done four lanes of traffic would remain and would solve a lot of those problems.

XIII. COMMUNICATIONS FROM THE MAYOR –

- Said she spoke with Clerk McMullan and Economic Development Director Ernat regarding the ballot language for the millage and deadlines.
- Said the naproxen presentation by the Washtenaw County Health Initiative is supposed to be very strong. She said she spoke with the Chief who said the decision was based on the fact that the Fire Department responds first.

Mayor Pro-Tem Richardson stated that is not community policing and those are efforts to imply the Chief is involved in community police. RIVERWALK COMMONS

Riverwalk Commons Overview

- Originally proposed an 80 unit multi-family development located towards the southern portion of Water Street.

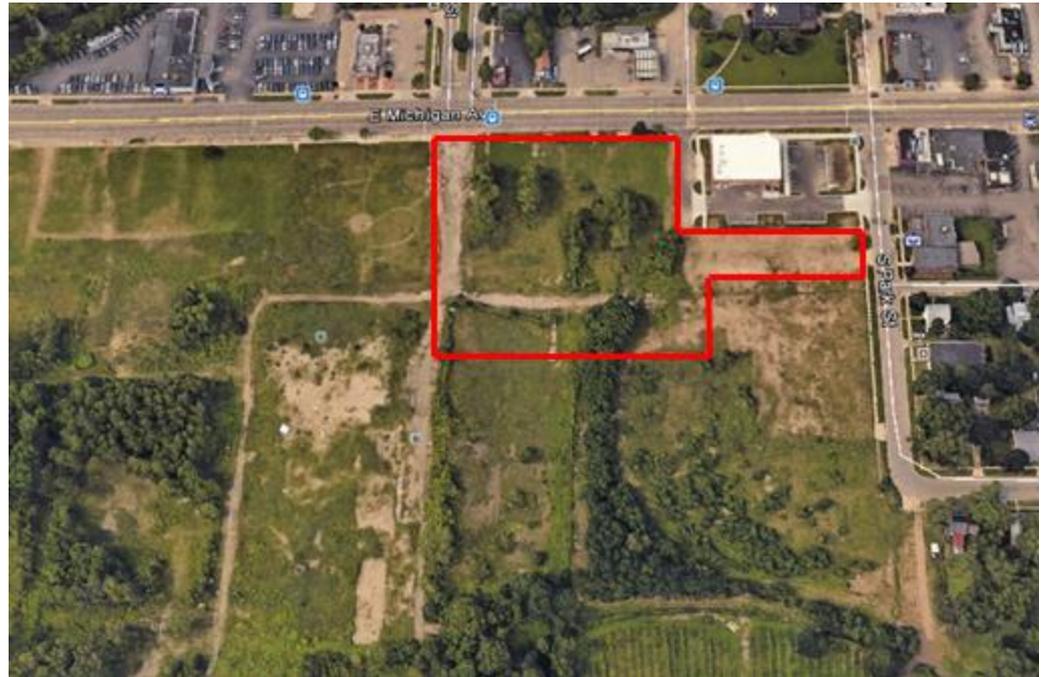

Riverwalk Commons Overview

- Herman & Kittle worked closely with the City on the Brownfield TIF, Site Plan Approval and infrastructure improvements.
- Prior to MSHDA board approval, it was determined that the site contained too much environmental uncertainty and MSHDA was concerned about the impact future construction would have on our residents.

Riverwalk Commons Overview

- Preliminary talks between HKP, the City of Ypsilanti, and MSHDA, resulted in a proposal to potentially move the site north, along Michigan Avenue.
- The proposed site would maintain the same unit mix as the original site, but sit along Michigan Avenue between the Family Dollar and River Street and feature a mixed-use (retail) component.

Riverwalk Commons Overview

- Moving the site to the north allows for existing infrastructure to shield the site from contamination resulting from future construction (i.e. Michigan Avenue and Family Dollar)
- Would look to the County and City to help us understand level of contamination at the future Rec Center site and parcel to the west of River Street (north of Parsons) as future construction on these sites would impact residents.

Riverwalk Commons Overview

- Riverwalk Commons will now feature a mixed-use component, with retail space located on the first floor along Michigan Avenue.
- Rents (although still affordable) and quality of construction will be similar in nature to market rate
 - Rents will range from \$631 for a one bedroom to \$1,023 for a four bedroom unit.
 - Income limits for 60% Area Median Income (AMI) range from \$35,460 for one person to \$50,580 for a family of four (Washtenaw County).
 - Median Household Income in Ypsilanti was \$32,134 in 2014.
 - 64.8% of all households made less than \$52,999 and 84.1% of renter households made less than \$52,999
 - As of 2014, 66.5% of Ypsilanti residents were renters

Riverwalk Commons Overview

- Next Steps:
 - HKP owes MSHDA revised documents by May 31st to be considered for financing.
 - New Purchase Contract for site (prior to 5/31)
 - Updated PILOT Ordinance reflecting new site (prior to 5/31)
 - Updated Brownfield Reimbursement Agreement
 - Updated environmental testing on new site and adjacent sites

REQUEST FOR LEGISLATION

DATE: September 18, 2012

FROM: John M. Barr, Ypsilanti City Attorney

SUBJECT: Approval of Clemis contract

SUMMARY/BACKGROUND

Clemis is a service to police and fire departments managed by Oakland County that is used by a number of Michigan cities and is used by the Ypsilanti police and fire departments. The service includes access to LEIN (Law Enforcement Information Network) and other computer and IT services and allows the police access to very powerful network information and other services.

Clemis service cost is based on usage. The City of Ypsilanti costs for the last year were in the neighborhood of \$30,000.

The Clemis contract is up for 5-year renewal and request is made for City Council to approve the contract with Oakland County. The Oakland County provider has sent a contract to be signed by the City Manager. Because the service may, and most likely will be for more than \$25,000 per year, Council approval is requested.

The Clemis contract has been reviewed for legal form and is approved.

Any setoff or retention of funds by County shall be deemed a voluntary assignment of the amount by Public Body to County. This paragraph shall not limit Public Body's legal right to dispute whether the underlying amount retained by County was actually due and owing under this Agreement.

Interest charges shall be in addition to any other amounts due to County under this Agreement. Interest charges shall be calculated using the daily unpaid balance method and accumulate until all outstanding amounts and accumulated interest are fully paid.

CLEMIS

INTRODUCTION.

The Courts and Law Enforcement Management Information System (known as “CLEMIS”) is a multi-faceted, regional public safety information management system, operated and maintained by the Oakland County Department of Information Technology, CLEMIS Division. CLEMIS is comprised of many software applications.

CLEMIS was created in 1968 to address the inability of criminal justice/public safety agencies to electronically share data in a timely manner. The purpose of CLEMIS is to provide innovative technology and related services to criminal justice/public safety agencies to enable them to share data and to improve the delivery of criminal justice/public safety services. Public Bodies that use CLEMIS have realized lower costs and improved efficiency in providing criminal justice/public safety services. These benefits allow first responders additional time to serve and protect citizens.

County is required and will respond, pursuant to applicable law and/or court order, to Freedom of Information Act (“FOIA”) requests and court orders addressed to it and received by it for Public Body data possessed by County. Before responding to a FOIA request or a court order concerning Public Body’s data possessed by County, County will use its best efforts to inform Public Body of the request or order and give them an opportunity to provide County with information that could impact County’s response to the FOIA request or court order.

4.3. **Continuous Access to Public Body Data by Third Parties.**

4.3.1. In Addendum A, Public Body may request that County provide continuous access to Public Body’s data to a third party. The County shall determine the manner in which to provide access to Public Body’s data.

Upon receipt of this notice, County shall promptly stop the third party’s access to Public Body’s data and shall use its best efforts to stop third party access to Public Body’s data on the date requested by Public Body.

4.3.3. In order to effectuate the third party’s continuous access to Public Body’s data, County will require the third party to execute an agreement with County to govern delivery and/or access to Public Body’s data. The CLEMIS Manager is authorized to sign this agreement on behalf of County.

4.4. **Providing Public Body Data to Third Parties.** County will not provide data to a third party, unless County is the recipient of a Freedom of Information Act request or court order or is directed in Addendum A to provide data to a third party. REQUEST FOR LEGISLATION
January 12, 2016

To: Mayor and Council

From: Beth Ernat, Director of Community and Economic Development
Joe Meyers, Community Development Manager

Subject: Neighborhood Enterprise Zone

SUMMARY & BACKGROUND: On August 20, 2015, City Council adopted a resolution to proceed with the creation of a Neighborhood Enterprise Zone (NEZ) for the Southwest Gateway Area. Creating a NEZ provides a tax incentive for the development and rehabilitation of residential housing similar to an OPRA for commercial properties. Certificates may be issued for up to 17 years but cannot be less than 6 years. Improvements must be completed within two years of issuing the certificate and may be transferred within the first 12 years. The certificate may be revoked if taxes are not kept current.

Once the NEZ is established, individuals will need to apply for certificates. Certificates may be issued for rehabilitation or new facilities. Rehabilitation is defined as an existing structure with a true cash value of \$80,000 or less and its primary purpose is or will be residential housing with 8 units or less. Improvements must exceed \$5,000 if a contractor is used and at least \$3,000 if completed by the owner. Improvements must bring structure into compliance with building code standards. New facilities will be limited to owner occupied principal residential structures.

Attached is the proposed new NEZ Boundary. After City Council's feedback, we are proposing to expand the boundary to include more parcels in the gateway area. The legislation states that the total boundary shall not exceed 15% of the total acreage contained within the boundaries of the local unit of government and must be contiguous. The proposed boundary is roughly 9% of the total acreage of the city.

In order to create the district, the City Clerk will need to give written notice to the City Assessor and the governing body of each taxing unit that levies property taxes within the proposed NEZ. Within 45 days of sending out the notice, the City will need to hold a public hearing. Prior to the City Council officially creating the NEZ, the City Assessor should provide City Council with the amount of true cash value of the property located within the proposed NEZ and other information that is necessary. At least 60 days after the notice to the taxing units that levies property taxes, the city makes a decision to pass a resolution to create the NEZ.

The timeline we propose would be as follows:

- City Council passes a resolution establishing when and how notice will be sent out, requesting information from the City Assessor, setting a hearing date, and setting a date for the ultimate determination – January 19, 2015
- Hold a public hearing on the proposed NEZ – February 16, 2016

- Determination on resolution creating the NEZ – April 5, 2016

In addition to the NEZ, we will be utilizing \$25,000 of the MEDC grant to rebate all building permit fees for rehabilitation for new facilities within the NEZ district. Rebates would be limited to owner occupied dwellings or construction of a new owner occupied unit.

RECOMMENDED ACTION: Staff recommends approval of the attached resolution.

ATTACHMENTS: Proposed NEZ district map and resolution.

CITY POLICY AND PROCEDURES REGARDING APPROVAL OF NEIGHBORHOOD ENTERPRISE ZONE CERTIFICATES

A. Eligibility

Under the Neighborhood Enterprise Zone (NEZ) Act, Public Act 147 of 1992, the city has identified an area South of Michigan Avenue Area (SOMA) as a NEZ (see attached map). Under this Act, the city may grant NEZ exemption certificates to “new” and/or “rehabilitated” structures.

B. Reason for NEZ

In 2011 a community needs assessment for the SOMA area was completed identifying the need for increased investment in this area. Currently home ownership is around 47% and only 2% of all houses in the zone have a true cash value over \$80,000. In order to increase home ownership, increase the quality of life in the neighborhood, and increase home values, the NEZ tax incentive is essential.

C. Homestead Properties

The city council will consider NEZ Certificates for property owners within the zone who are making significant home improvements that increase the value of the home or property owners constructing new homes that hold or will be obtaining a Principal Residence Exemption certificate.

D. Conditions to Qualify for a NEZ Certificate

Property owners looking to apply for a NEZ Certificate will need to meet the following conditions:

1. The property must be located in the SOMA NEZ area (attached)
2. The property is vacant or the structure has a true cash value less than \$80,000
3. The primary use of the property is owner occupied residential (PRE Exemption)
4. No building permits for the improvements may be pulled prior to the time for which the certificate being applied.
5. All property taxes must be current and stay current throughout the length of the certificate.
6. Home improvement projects for homestead properties that are adding assessable value to the property need to exceed \$3,500 if being completed by the property owner or \$5,000 if being completed by a contractor.
7. Home must be brought into conformance with minimum local building code standards for occupancy.
8. The certificate is approved by the Ypsilanti City Council.

E. NEZ Certificate Terms for Homestead Properties

Each certificate requires approval of the City Council and has to be submitted to the State of Michigan to be filed with the City Tax Assessor. Each certificate is approved and evaluated independently. Mitigating circumstances may apply and impact the

recommendation based on the location of the property, the impact of the improvements on the surrounding properties, and the history of the property.

New owner-occupied structures that will hold a homestead exemption will receive the highest consideration and will be eligible for the full 15 year NEZ certificate. New structure certificates will be considered if the unit is an owner occupied duplex.

Improvements to existing structures that hold a homestead exemption will be considered by the following criteria:

| | |
|--|-------------------------|
| \$3,500 - \$7,500 in new investment – | 6 YEAR NEZ CERTIFICATE |
| \$7,501 - \$11,500 in new investment – | 12 YEAR NEZ CERTIFICATE |
| \$11,501 and above in new investment – | 15 YEAR NEZ CERTIFICATE |

F. Historic District Structures

Public Act 147 of 1992 has different standards for issuing NEZ Improvement Certificates in Historic Districts. The time frame to issue certificates for Qualified Historic Buildings range from 11 years to 17 years and improvements to the existing structures will be considered by the following criteria:

| | |
|--|-------------------------|
| \$3,500 - \$7,500 in new investment – | 11 YEAR NEZ CERTIFICATE |
| \$7,501 - \$11,500 in new investment – | 14 YEAR NEZ CERTIFICATE |
| \$11,501 and above in new investment – | 17 YEAR NEZ CERTIFICATE |

Changes to the exterior of the structure must be made in compliance with the Ypsilanti Historic District Commission (HDC) ordinance and with the approval of the HDC.

Mitigating circumstances may apply and impact the recommendation based on the location of the property, the impact of the improvements on the surrounding properties, and the history of the property.

G. Land Value vs. Structure Value for NEZ Certificates

Property taxes are made up of two parts; land value and structure value. Land value is a set price based on size and location. The structure value is based on the size of the home, number of bathrooms, decks, garages, decks, etc. A home with a NEZ certificate will have two separate assessments; one for land value which will be assessed at the annual set tax rate, and one with the special NEZ assessment for the house value.

H. Starting Date of NEZ Certificate

The NEZ certificate starts on December 31 of the year in which the new or rehabilitated structure is substantially completed. In some circumstances, a new home can request the NEZ start in the following year when it becomes a principal residence.

I. Calculating NEZ Tax for New Home

The NEZ tax for a new home is determined by multiplying one-half (1/2) of the average state homestead mileage rate levied in the state in the immediately preceding calendar

year by the taxable value of the new home, until three years before the certificate expires.

During the last three years of the term of the extended certificate, the tax calculation changes to the following:

In the tax year, two years before the certificate expires, the NEZ tax is the sum of the current taxable value of the home, excluding land, multiplied by five-eighths ($5/8$) the number of mills levied by the city and the county for operating purposes (excluding debt).

In the tax year one year before the certificate expires, the NEZ tax is the sum of the current taxable value of the home, excluding land, multiplied by three-fourths ($3/4$) the number of mills levied by the city and the county for operating purposes (excluding debt).

In the tax year the certificate expires, the NEZ tax is the sum of the current taxable value of the home, excluding land, multiplied by seven-eighths ($7/8$) the number of mills levied by the city and the county for operating purposes (excluding debt).

J. Calculating NEZ Tax for Rehabilitated Structure

The NEZ tax for a rehabilitated structure is the sum of the current taxable value of the new and/or rehabilitated structure, excluding land, multiplied by $1/2$ the number of mills levied by the city and the county for operating purposes (excluding debt) and the current taxable value of the existing structure multiplied by the total number of mills levied by the city except for the last three years in which the certificate is in effect.

During the last three years of the certificate, the tax calculation changes to the following:

In the tax year, two years before the certificate expires, the NEZ tax is the sum of the current taxable value of the structure, excluding land, multiplied by five-eighths ($5/8$) the number of mills levied by the city and the county for operating purposes (excluding debt), plus the taxable value of the existing structure, excluding land, multiplied by the remaining total mills levied as ad valorem taxes.

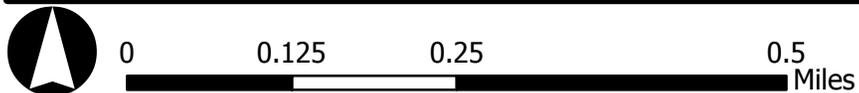

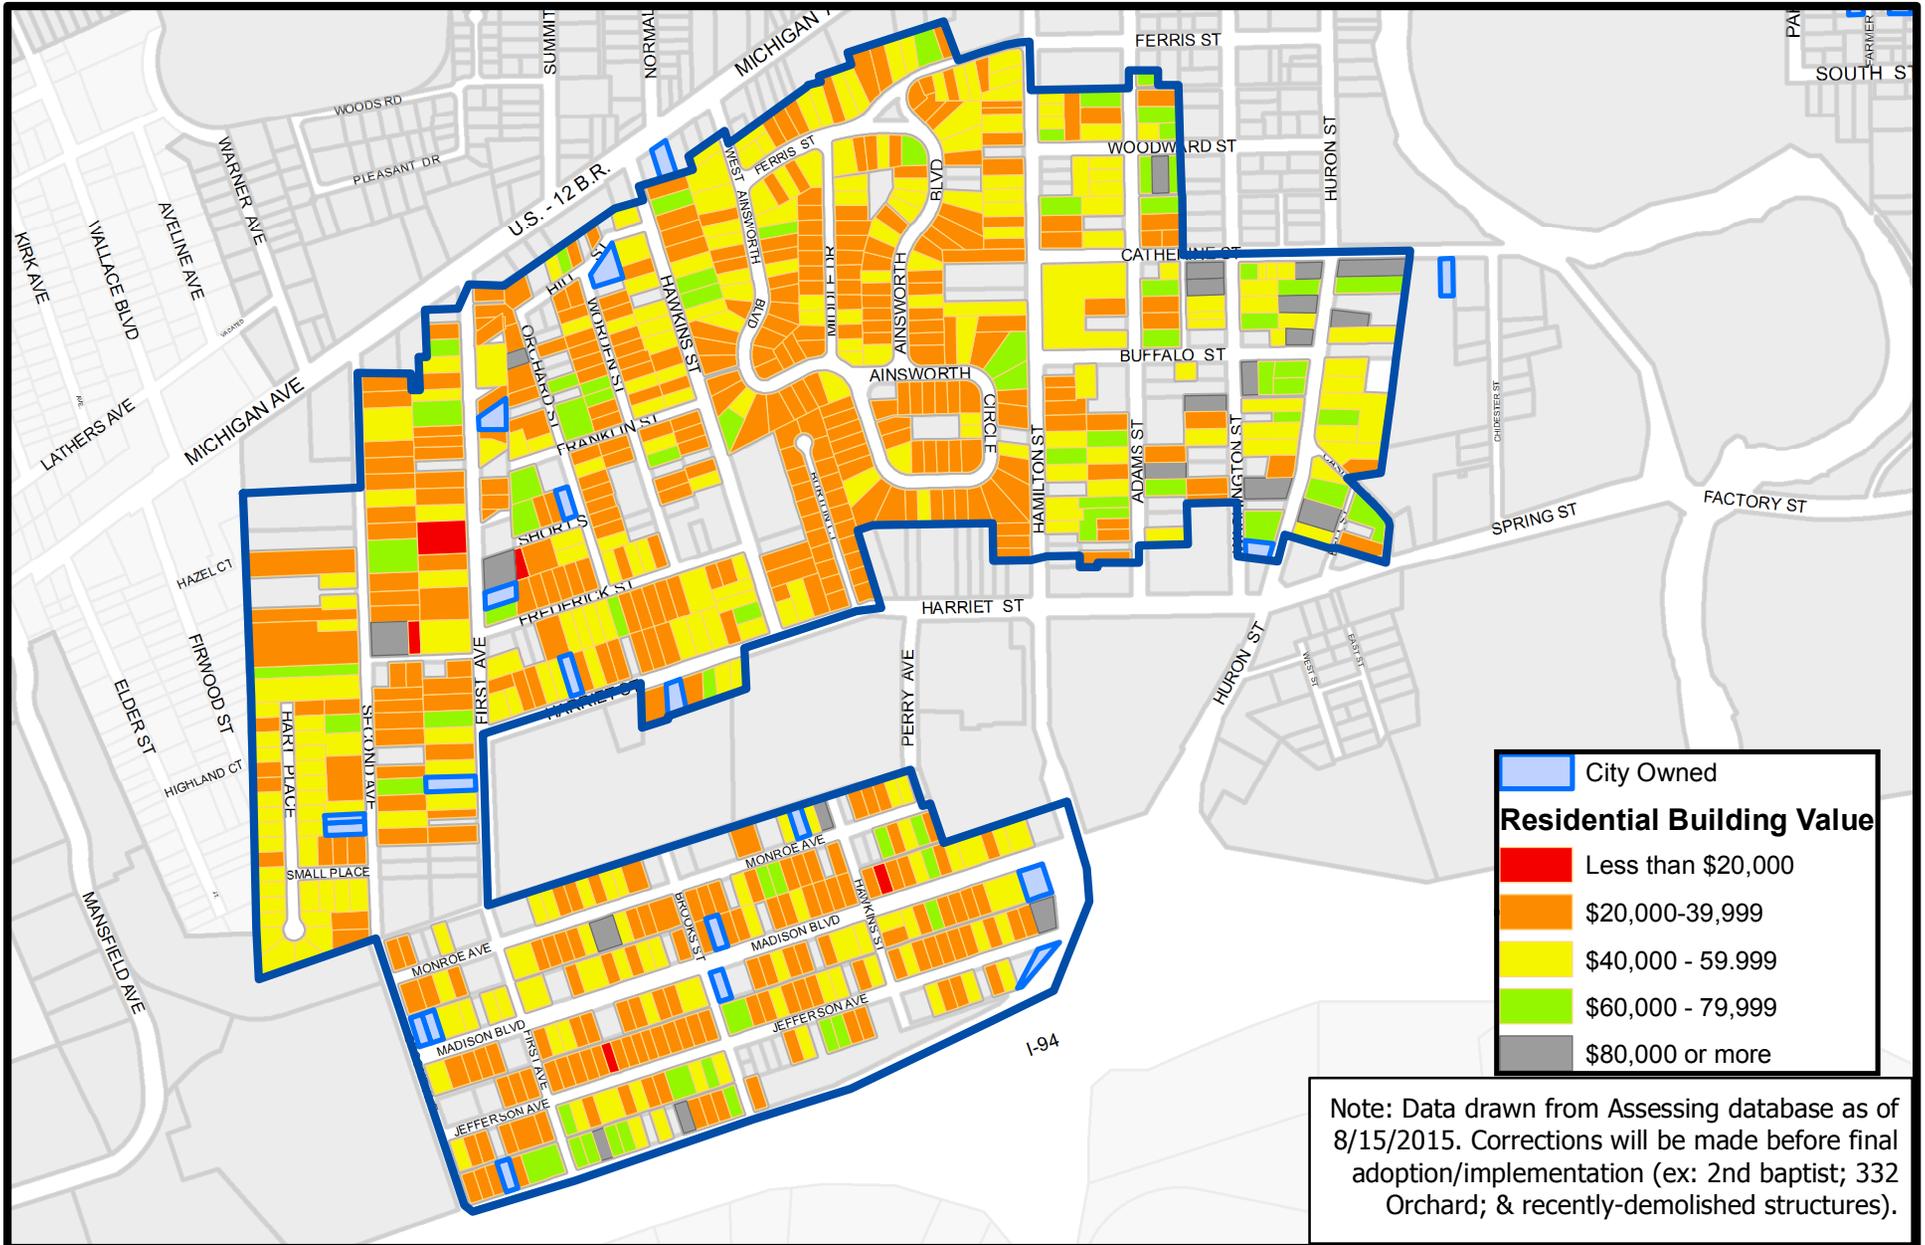

In the tax year, one year before the certificate expires, the NEZ tax is the sum of the current taxable value of the structure, excluding land, multiplied by three-fourths ($3/4$) the number of mills levied by the city and the county for operating purposes (excluding debt), plus the taxable value of the existing structure, excluding land, multiplied by the remaining total mills levied as ad valorem taxes.

In the tax year the certificate expires, the NEZ tax is the sum of the current taxable value of the structure, excluding land, multiplied by seven-eighths ($7/8$) the number of mills levied by the city and the county for operating purposes (excluding debt), plus the taxable value of the existing structure, excluding land, multiplied by the remaining total mills levied as ad valorem taxes.

REQUEST FOR LEGISLATION

Joe Meyers, Community Development Manager

Subject: Resolution to Amend the City's Property Disposition Policy

SUMMARY & BACKGROUND: At its January 6, 2016 meeting, City Council adopted a Property Disposition Policy. Through the sidelot program, staff has received six (6) applications from neighbors looking to purchase lots and is working with legal counsel to process the applications. Moving forward, staff has reviewed the non-sidelot program as part of the policy and has found an issue. The policy sets the purchase price of the property as the value of the land as determined by the City Assessor and legal fees for preparation of the contract. Currently the City Assessor sets a true cash value to these city lots in this neighborhood anywhere from \$14,000 to \$45,478 with the gap parcels being valued around \$2,000. To help encourage development on these parcels, staff is recommending that the city council amend the Property Disposition Policy to set the sale price of non-sidelots at a minimum of \$1,000 plus closing costs to be in line with the minimum commercial property price.

The reduction in sale price is being recommended because the assessed values are not currently in-line with market rates for vacant and distressed property.

In summary, by City Council approving the attached resolution, they have approved amending the Property Disposition Policy to set the price of residential non-sidelots at a minimum \$1,000 plus closing costs.

CITY POLICY AND PROCEDURES REGARDING DISPOSITION OF CITY OWNED PROPERTIES

A. Eligibility

Under the Charter of the City of Ypsilanti, when the City of Ypsilanti is a property owner the City may sell and dispose of property as it sees fit and in order to increase the number of taxable properties within the City.

B. Reason for Sale

The City owns both residential and commercial properties. The vast majority of the properties have been transferred to the City from Washtenaw County after the property has been seized due to tax foreclosure. The City continues to receive tax delinquent properties annually. When the City becomes the owner, the parcels become tax exempt and the City is required to maintain the properties in terms of security, grass, and snow maintenance. The cost to the City is increasing and straining City manpower to secure and maintain the properties.

C. Authority to Dispose of City Owned Property

To streamline the process of selling residential land and returning property to active tax rolls, the City shall annually hold a public hearing and consider a resolution to authorize the sale of subject parcels and delegate the authority to the City Manager to enter into purchase agreements selling city owned lots as seen in the legal notice. This process will be repeated as the City comes into ownership of additional residential properties.

Due to commercial properties having higher value and more public visibility, all such sales will require approval by City Council after a public hearing and notice has been made.

D. Residential Properties

All City-owned residential parcels are available for sale.

Sidelots for the purposes of this policy are a parcel of land with no structures that is zoned for residential use and that is abutted on no less than one side by a residential lot with a habitable structure.

(Sidelotting) Preference for sale shall be given to adjoining property owners that (1) own and have Homestead status on an adjoining parcel; (2) are current and have a record of staying current on all property taxes; and (3) have no outstanding tickets or property violations within the City of Ypsilanti.

If more than one adjoining parcels meets the above criteria, the City shall split the City-owned parcel 50/50 between the adjoining parcels.

Adjoining property owners shall be able to purchase sidelots for the amount of \$1 plus the cost of closing due prior to the closing of the property.

(Non-sidelots) After options for sidelot sales have been explored, parcels may be sold to any interested party meeting the following conditions (1) Purchaser agrees if property is to be developed it will be maintained as a homestead use; (2) Purchaser is current on all

property taxes and shall have no outstanding tickets or property violations in the City of Ypsilanti; (3) Purchaser agrees to repair or restore to any structure to habitable condition within 1 year of purchase. Should the purchaser fail to meet these requirements, the City would be able to reclaim the property within the first year at the expense of the purchaser.

The purchase price of the property shall be the value ~~of the land as determined by the City Assessor~~ \$1,000 plus closing costs and legal fees for preparation of the contract.

The City shall hold the proceeds in escrow for the first year. These funds would be used to reclaim the property if necessary. After the first year the proceeds would be released to the general fund to be earmarked for vacant property maintenance.

E. Commercial Properties (excluding Water Street Development Parcel)

Commercial Properties are assessed at a higher rate than residential property and are generally in higher traffic and public locations. The standard for selling commercial property is higher than residential and requires more screening and review.

An internal committee consisting of The Director of Community and Economic Development, the Community Development Manager, the Fiscal Services Director and the City Manager shall be created as a reviewing committee for any property sale request.

Interested parties shall provide the City a letter of interest outlining their intent for the use of the property, a proforma showing their capital planning for the use of the property, and two letters of reference regarding past business experience.

Should the review committee seek to recommend the request to City Council, a purchase agreement shall be created to be reviewed by City Council. A public hearing and notice shall be scheduled and the City Council would review and approve or deny the purchase agreement.

The purchase price shall not be less than \$1,000 plus legal and closing costs. However, higher offers will be considered.

F. Unclaimed Land

Should vacant property remain unsold after one year, the City Manager should have the authority to negotiate interim use/lease agreements for parcels by residents for public gardens, public art, and other cultural uses. Residents seeking to use publicly owned property will be required to enter into an agreement with the City and have no less than a 90-day "out" clause for the sale or public use of the property.

Subject: Proposed Water Street Redevelopment Project Debt Service Millage

SUMMARY & BACKGROUND:

The City has refunded, in two series, most of its previously issued 2006 General Obligation Limited Tax Capital Improvement Bonds to finance and refinance the costs relating to land acquisition, environmental work, and public infrastructure in an area of the downtown referred to as the Water Street Redevelopment Project ("the Project").

The City's Limited Tax General Obligation Refunding Bonds, Series 2016A are currently outstanding in the principal amount of \$8,240,000. The City's General Obligation Limited Tax Improvement Bonds, Series 2016B are currently outstanding in the principal amount of \$2,200,000. Both bonds are payable on November 1 from 2016 through 2031. The Bonds were issued in anticipation of tax increment revenues being generated by the proposed development. As you are all well aware, such revenue has yet to be generated to meet these payments. The City is currently paying the debt service on the Bonds from its general fund.

Pursuant to the City's authority under the Unlimited Tax Election Act, Public Act 189 of 1979, staff are requesting that City Council approve the attached resolution to authorize a ballot question for the August election seeking voter approval to fund payments of the Series 2016A Bonds through a millage. Payment of this series is estimated to levy 2.3 mills, which is roughly equivalent to a road millage set to expire in 2017, when this millage would be levied.
