RESOLUTION NO. 2017- 001
January 10, 2017

COUNCIL RESOLUTION ON DNSIB

WHEREAS more than 33,000 people per year in the United States have been killed with firearms in recent years; and

WHEREAS a resident of the United States is [25 times as likely](#) to be murdered with a gun than is a resident of other advanced nations; and

WHEREAS Americans from across the political spectrum agree that our nation should strive to reduce the number of our neighbors who are killed or injured with firearms or terrorized by gun-related crime; and

WHEREAS the companies that manufacture and distribute firearms have the ability to take actions that will reduce the incidence of gun-related crimes and accidental shootings in the United States; and

WHEREAS these actions – including improvements and innovations in gun-safety technologies and distribution practices – can be taken voluntarily by these companies and without the slightest harm to the established rights of Americans to own and use firearms; and

WHEREAS in a growing number of municipalities, counties and states across the nation – more than 100 jurisdictions to date – public officials and law enforcement leaders have taken steps to initiate dialogue with leading gun manufacturers about these actions; and

WHEREAS these public-sector leaders and their jurisdictions are customers of the gun industry, purchasing firearms for the purpose of equipping law enforcement officers in order to protect public safety; and

WHEREAS the public sector collectively represents a significant share of the marketplace for guns and ammunition in the United States; and

WHEREAS religious and civic leaders, public officials and law enforcement officials across the nation have created the "Do Not Stand Idly By" campaign to use the collective purchasing power of the public sector to encourage life-saving innovation in the gun industry; now, therefore,

BE IT RESOLVED that the City Council of the City of Ypsilanti call upon the Mayor Amanda Edmonds and Police Chief DeGiusti to participate in this nationwide effort by taking the following actions:

- Adding their names, as representatives of the City of Ypsilanti, to the Request for Information being submitted to leading firearms manufacturers from more than 100 public-sector jurisdictions seeking information about the companies’ gun-safety technologies and distribution practices.
- Taking additional steps as they see fit to encourage leadership within the gun industry in the improvement of distribution practices and the development of new safety technologies, such as:
 - Testing and evaluating existing gun-safety technologies – including “smart guns” – as well as new technologies as they become available.
 - Developing purchasing practices and specifications that maximize the public safety benefits achieved through [the City’s] firearms purchases.
 - Collaborating with peers in other jurisdictions in these efforts.

BE IT FURTHER RESOLVED that we call upon the leaders of the gun manufacturers that receive the Request for Information from the City of Ypsilanti and other jurisdictions across the United States to respond in writing to the “Do Not Stand Idly By” campaign and participating jurisdictions.

BE IT FURTHER RESOLVED that suitable copies of this resolution be presented to the chief executive officers of Glock, SIG Sauer, Beretta, Smith & Wesson, Colt, Remington, and Sturm, Ruger & Co.

To the Honorable Mayor and
Members of the City Council
City of Ypsilanti, Michigan

We have audited the financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Ypsilanti, Michigan (the City), for the year ended June 30, 2016. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated October 3, 2016. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by City of Ypsilanti are described in Note 1 to the financial statements. The City adopted Governmental Accounting Standards Board (GASB) Statement No. 72, *Fair Value Measurement and Application* during the year ended June 30, 2016. Accordingly, the cumulative effects of the accounting changes are reported in the applicable financial statements. We noted no transactions entered into by the City during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the governmental activities financial statements were:

Management's calculation of depreciation expense for the current period is based on an estimate of the useful lives of the capital assets.

Management's calculation of the pension asset and changes therein was based on actuarial assumptions and the use of a specialist (actuary).

Management's estimate of the net other postemployment and pension benefit obligations (assets) are calculated based on actuarial studies which utilized certain actuarial assumptions.

The most sensitive estimates affecting the aggregate remaining fund information and the governmental activities financial statements were:

Management's calculation of the percentages for current and noncurrent compensated absence payments is based on an estimate of the percentage of employees' use of compensated absences.

Management's estimate of the insurance claims incurred but not reported is based on information provided by the City's third-party administrators and subsequent claims activity.

Investments are carried at fair value, which is defined as the amount that the City could reasonably expect to receive for an investment in a current sale between a willing buyer and a willing seller and is generally measured by quoted market prices.

The most sensitive estimates affecting the 2006 General Obligation Fund and the governmental activities financial statements were:

Management's estimate of the book value of investments is based on the lower of cost or market, defined in this case by the aggregate asking price of the individual parcels.

Management's estimate of the liability for environmental remediation of the Water Street Redevelopment area is based on a Brownfield Redevelopment Plan prepared by the Washtenaw County Brownfield Redevelopment Authority. This estimated cost is netted against the total asking price (market value) of the property held for resale.

We evaluated the key factors and assumptions used to develop these estimates in determining that they are reasonable in relation to the financial statements taken as a whole.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to each opinion unit's financial statements taken as a whole.

The following summarizes uncorrected misstatements of the Governmental Activities financial statements. Management has determined that their effects are immaterial, both individually and in the aggregate, to the financial statements taken as a whole.

- Governmental Activities - Two (2) potential misstatements noted for a total overstated net position of \$47,581.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated December 19, 2016.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the City's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the City's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

We applied certain limited procedures to the management discussion and analysis, pension benefits, and other post-employment benefits, which are required supplementary information (RSI) that supplement the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on it.

We were engaged to report on other supplementary information, which accompanies the financial statements but is not RSI. With respect to this supplementary information, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

We were not engaged to report on the introductory and statistical sections, which accompany the financial statements but are not RSI. We did not audit or perform other procedures on this other information and we do not express an opinion or provide any assurance on it.

Restriction on Use

This information is intended solely for the use of management and members of the City Council of the City of Ypsilanti, Michigan, and is not intended to be, and should not be, used by anyone other than these specified parties.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM
AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Honorable Mayor and
Members of the City Council
City of Ypsilanti, Michigan

Report on Compliance for Each Major Federal Program

We have audited the City of Ypsilanti, Michigan's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the City of Ypsilanti, Michigan's major federal programs for the year ended June 30, 2016. The City of Ypsilanti, Michigan's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the City of Ypsilanti, Michigan's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City of Ypsilanti, Michigan's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the City of Ypsilanti, Michigan's compliance.

Opinion on Each Major Federal Program

In our opinion, the City of Ypsilanti, Michigan, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2016.

Report on Internal Control over Compliance

Management of the City of Ypsilanti, Michigan, is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City of Ypsilanti, Michigan's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City of Ypsilanti, Michigan's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Ypsilanti, Michigan, as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the City of Ypsilanti, Michigan's basic financial statements. We issued our report thereon dated December 19, 2016, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

CITY OF YPSILANTI, MICHIGAN

Notes to the Schedule of Expenditures of Federal Awards

1. BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal grant activity of the *City of Ypsilanti, Michigan* (the "City") under programs of the federal government for the year ended June 30, 2016. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the City, it is not intended to and does not present the financial position, changes in net position or cash flows of the City.

For purposes of charging indirect costs to federal awards, the City has not elected to use the 10% de minimis cost rate as permitted by §200.414 of the Uniform Guidance.

The City's reporting entity is defined in Note 1 of the City's comprehensive annual financial report.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the accrual and modified accrual basis of accounting based on fund type, which is described in Note 1 to the City's financial statements. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years. Pass-through entity identifying numbers are presented where available.

3. PASS-THROUGH AGENCIES

The City receives certain federal grants as subawards from non-federal entities. Pass-through entities, where applicable, have been identified in the Schedule with an abbreviation, defined as

Pass-through Agency Abbreviation	Pass-through Agency Name
MEDC	Michigan Economic Development Corporation
WC	Washtenaw County
MDCH	Michigan Department of Community Health
MDEQ	Michigan Department of Environmental Quality
MSP	Michigan State Police

4. SUBRECIPIENTS

No federal awards were passed through by the City to any subrecipients.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Honorable Mayor and
Members of the City Council
City of Ypsilanti, Michigan

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Ypsilanti, Michigan (the City), as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the City's basic financial statements and have issued our report thereon dated December 12, 2016.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City of Ypsilanti, Michigan's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT

To the Retirement Board of the
City of Ypsilanti, Michigan
Police and Fire Retirement System
Ypsilanti, Michigan

Report on the Financial Statements

We have audited the accompanying financial statements of the City of Ypsilanti, Michigan, Police and Fire Retirement System (the System) as of and for the years ended June 30, 2016 and 2015, and the related notes to the financial statements, which collectively comprise the System's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatements of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the System's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the System's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the City of Ypsilanti, Michigan, Police and Fire Retirement System as of June 30, 2016 and 2015, and the changes in financial position thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1, the financial statements present only the City of Ypsilanti, Michigan, Police and Fire Retirement System, and do not purport to, and do not, present fairly the financial position of the City of Ypsilanti, Michigan, as of June 30, 2016 and 2015, and the changes in its financial position, or, where applicable, its cash flows thereof and the budgetary comparison schedule for the General Fund for the years then ended in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Change in Accounting Principles

During the year ended June 30, 2016, the System implemented GASB issued Statement No. 72, *Fair Value Measurement and Application*, during the year. As a result, this statement provides guidance for determining a fair value measurement for financial reporting purposes. This statement also provides guidance for applying fair value to certain investments and disclosures related to all fair value measurements. Our opinions are not modified with respect to this matter.

Other Matter

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the historical pension information, as identified in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

CITY OF YPSILANTI, MICHIGAN POLICE AND FIRE RETIREMENT SYSTEM

Notes to Financial Statements

1. PLAN DESCRIPTION

Plan administration. The City of Ypsilanti, Michigan Police and Fire Retirement System (the "System") is a single-employer defined benefit pension plan that provides retirement, disability and death benefits to all police and fire employees of the City and their beneficiaries. Plan benefit provisions were established and may be amended under the authority of City of Ypsilanti ordinances. Cost of living adjustments are provided to members and beneficiaries. Contribution requirements were established and may be amended subject to collective bargaining agreements and approval by the Retirement Board and City of Ypsilanti City Council. The financial statements of the System are included as a pension trust fund in the City's financial statements.

Management of the System is vested in the Retirement Board of the City of Ypsilanti, Michigan Police and Fire Retirement System, which consists of five members: two that are elected (one each representing fire and police employees), two that are appointed by the City Council of the City of Ypsilanti and one that is the Treasurer of the City of Ypsilanti.

Plan membership. At June 30, membership in the plan consisted of the following:

	2015	2014
Retirees and beneficiaries receiving benefits	119	113
Terminated employees entitled to but not yet receiving benefits	2	1
Active employees	41	47
Total	162	161

Benefits provided. The System provides retirement, disability, and death benefits. Generally, retirement benefits are calculated as a percent of the member's final average compensation (AFC) for a certain number of years times the member's years of service as summarized in the following table:

Eligibility	Amount of Benefit
20 or more years of service (25 years for Fire Chief) regardless of age or age 60 regardless of service.	Straight life pension equals 3.0% of three year AFC times years of service for police and 3.0% of AFC times first 25 years of service plus 1% of AFC times years of service in excess of 25 for fire. Additional benefit provisions apply to COAM members depending on hire dates.
25 or more years of service regardless of age for fire members hired after July 1, 2009.	Straight life pension equals 2.5% of three year AFC times years of service, with a 75%
25 or more years of service regardless of age for POAM/COAM members hired after July 1, 2009.	Straight life pension equals 2.0% of three year AFC times years of service.
Members hired after July 1, 2012.	Same as members hired after July 1, 2009, except there is no annuity withdrawal option.

CITY OF YPSILANTI, MICHIGAN POLICE AND FIRE RETIREMENT SYSTEM

Notes to Financial Statements

Retirees who are receiving benefits below the estimated federal and state poverty levels have their benefits increased up to the poverty level.

Contributions. Plan members hired prior to July 1, 2009 are required to contribute 10% of their annual covered wages to the System for pension benefits. Plan members hired after July 1, 2009 are required to contribute 5% of their annual covered wages to the System for pension benefits. The City contributes such additional amounts as necessary, based on actuarial determinations, to provide assets sufficient to pay for member benefits. The City's pension contribution for the year ended June 30, 2016 represented 39.13% of the annual covered payroll. The City's pension contribution for the year ended June 30, 2015 represented 40.47% of the annual covered payroll.

Deferred Retirement Option Program (DROP). In lieu of retiring and receiving a monthly benefit, an eligible participant may elect to participate in the DROP by making an irrevocable election to terminate employment with the City and retire upon ceasing participation in the DROP. The DROP election must specify the future retirement date which must be within the maximum time period permitted (typically 3 to 5 years, based on bargaining unit and hire date). Upon entry in the DROP, the participant ceases to accrue years of service in the defined benefit pension plan. The participant remains an employee of the City for all other purposes, but the retirement benefit payment is calculated and payments commence into a separate, restricted account. These monthly payments, along with interest earnings thereon, are not distributed to the participant until employment has terminated. DROP activity for the year ended June 30, 2016 is as follows:

Beginning Balance	Credits	Interest	Distributions	Adjustments	Ending Balance
\$ 703,095	\$ 487,413	\$ 40,935	\$ -	\$ 64,800	\$ 1,296,243

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting. The System's financial statements are prepared on the accrual basis of accounting. Employee contributions are recognized in the period in which they are due. The City's contributions are recognized when due and the employer has made a formal commitment to provide them. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

Valuation of Investments and Income Recognition. The System's investments are stated at fair value. Short-term investments are reported at cost, which approximates fair value. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates. The fair value of real estate investments, if any, is based on independent appraisals. Investments that do not have established market values are reported at estimated fair value as determined by the custodian under the direction of the Retirement Board with the assistance of a valuation service.

Administration. Administrative costs are financed through the System's earnings.

Use of Estimates. The preparation of financial statements in conformity with generally accepted accounting principles requires management to make significant estimates and assumptions that could affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

CITY OF YPSILANTI, MICHIGAN POLICE AND FIRE RETIREMENT SYSTEM

3. DEPOSITS AND INVESTMENTS

Deposits

The System's cash and cash equivalents consist of amounts deposited in the City's cash management pool of demand deposit accounts and certificates of deposit. As such, it is not practicable to present separate custodial risk disclosures for the System's portion of this pool; accordingly, please refer to the City of Ypsilanti's comprehensive annual financial report for custodial risk disclosures of deposits.

Investments

The Michigan Public Employees Retirement Systems' Investment Act, Public Act 314 of 1965, as amended, authorizes the System to invest in stocks, government and corporate securities, mortgages, real estate, and various other investment instruments, subject to certain limitations. The Retirement Board has the responsibility and authority to oversee the investment portfolio. Various professional investment managers are contracted to assist in managing the System's assets. All investment decisions are subject to Michigan law and the investment policy established by the Retirement Board.

Investment allocation policy. The System's policy in regard to the allocation of invested assets is established and may be amended by the Retirement Board. The policy pursues an investment strategy that protects the financial health of the System and reduces risk through the prudent portfolio diversification. The adopted asset allocation policy as of June 30, 2016, is as follows:

Asset Class	Target Allocation	Long-term Expected Real Rate of Return
Domestic equity	50%	7.67%
Domestic fixed income	15%	4.80%
International equity	33%	7.20%
Cash	2%	2.30%
	<u>100%</u>	

Investment holdings. Following is a summary of the System's investments as of June 30:

	2016	2015
Investments at fair value, as determined by quoted market price:

CITY OF YPSILANTI, MICHIGAN POLICE AND FIRE RETIREMENT SYSTEM

Notes to Financial Statements

Credit Risk. The System’s investment policy provides that its investments in fixed income securities be limited to those rated BBB or better by a nationally recognized statistical rating organization. The System’s investments in U.S. agencies were rated Aaa by Moody’s Investor Services at both June 30, 2016 and 2015. The System’s investments in corporate securities were rated by Moody’s Investor Services as follows at June 30:

Rating	2016	2015
Aa3	\$ 339,893	\$ 322,655
A1	380,380	615,037
A2	969,580	1,362,696
A3	826,984	389,201
Baa1	596,608	792,461
Baa2	1,502,482	804,196
Baa3	-	411,532
	<u>\$ 4,615,927</u>	<u>\$ 4,697,778</u>

The System’s policy regarding credit risk provides that a minimum of 70% of fixed income investments must be in the top three major grades as determined by Moody’s and the balance must be in the top four major grades.

Custodial Credit Risk. For investments, custodial credit risk is the risk that, in the event of the failure of the counterparty, the System will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The System’s investment policy requires that investment securities be held in trust by a third-party institution in the System’s name. As such, although uninsured and unregistered, the System’s investments are not exposed to custodial credit risk since the securities are held by the counterparty’s trust department in the System’s name. Short-term investments in money market funds are not subject to custodial credit risk.

Concentration of Credit Risk. Concentration of credit risk is the risk of loss attributed to the magnitude of the System’s investment in a single issuer. The System’s policy regarding concentration of credit risk does not specify limits regarding concentration of credit risk, although it provides guidelines regarding target maximums for investment types.

At June 30, 2016 and 2015, the investment portfolio did not have holdings in any one issue greater than 5% of the total investment portfolio.

Interest Rate Risk. Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The System’s investment policy requires a maximum term to maturity of 30 years for any single fixed income security. The System’s investment policy does not address weighted average portfolio maturities.

CITY OF YPSILANTI, MICHIGAN POLICE AND FIRE RETIREMENT SYSTEM

Notes to Financial Statements

As of June 30, 2016, maturities of the System's debt securities were as follows:

	Investment Maturities (fair value by years)				
	Fair Value	Less Than 1	1-5	6-10	More Than 10
U.S. agencies	\$ 1,903,129	\$ -	\$ 3,639	\$ 2,035	\$ 1,897,455
Corporate bonds	4,615,927	408,776	885,918	2,708,731	612,502
	<u>\$ 6,519,056</u>	<u>\$ 408,776</u>	<u>\$ 889,557</u>	<u>\$ 2,710,766</u>	<u>\$ 2,509,957</u>

As of June 30, 2015, maturities of the System's debt securities were as follows:

	Investment Maturities (fair value by years)				
	Fair Value	Less Than 1	1-5	6-10	More Than 10
U.S. agencies	\$ 1,837,107	\$ -	\$ 9,129	\$ -	\$ 1,827,978
Corporate bonds	4,697,778	-	1,488,593	2,310,776	898,409
	<u>\$ 6,534,885</u>	<u>\$ -</u>	<u>\$ 1,497,722</u>	<u>\$ 2,310,776</u>	<u>\$ 2,726,387</u>

Of the above corporate bonds as of June 30, 2016, \$1,408,574 of the total is callable. The System's policy regarding interest rate risk provides that fixed income maturities may not exceed 30 years; the System's holdings comply with this requirement.

Foreign Currency Risk. Foreign currency risk is the risk that significant fluctuations in exchange rates may adversely affect the fair value of an investment. The System's exposure to foreign currency risk is limited to holdings of international equities of predominantly Canadian, European and Caribbean denominated companies.

In addition to the above, the System's holdings in mutual funds are primarily composed of underlying investments in international equities (approximately 83% of total mutual fund holdings of \$5,220,696), predominately in Japanese, European and other Asian companies. The residual mutual fund underlying investments are in cash and cash equivalents, domestic equities and alternatives.

The System restricts the amount of investment in foreign currency-denominated investments to 20% of total pension system investment.

Rate of return. For the years ended June 30, 2016 and 2015, the annual money-weighted rate of return on plan investments, net of investment expenses, was -0.27 and 3.70 percent, respectively. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

CITY OF YPSILANTI, MICHIGAN POLICE AND FIRE RETIREMENT SYSTEM

Notes to Financial Statements

Fair Value Measurements. The System categorizes the fair value measurements of its investments within the fair value hierarchy established by generally accepted accounting principles. Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities. Level 2 inputs - other than quoted prices - included within Level 1 that are observable for the asset or liability, either directly or indirectly. Finally, Level 3 inputs are unobservable and are based on estimates and assumptions. These levels are determined by the System's investment manager at the portfolio level based on a review of the investment class, structure and what kind of securities are held in funds. The investment manager will request the information from the portfolio manager, if necessary.

Debt and equity securities classified in Level 1 of the fair value hierarchy are valued using prices quoted in active markets for those securities.

Debt securities classified in Level 2 of the fair value hierarchy are valued using a matrix pricing technique. Matrix pricing is used to value securities based on the securities' relationship to benchmark

The System had the following recurring fair value measurements as of June 30, 2016:

	Level 1	Level 2	Level 3	Total
U.S. agencies	\$ -	\$ 1,903,129	\$ -	\$ 1,903,129
Corporate bonds	-	4,615,927	-	4,615,927
Domestic equities	13,633,393	-	-	13,633,393

4. NET PENSION LIABILITY OF THE CITY

The components of the net pension liability of the City at June 30, 2016, are as follows:

Total pension liability	\$ 46,515,011
Plan fiduciary net position	(27,133,340)
City's net pension liability	<u>\$ 19,381,671</u>

Plan fiduciary net position as a percentage of the total pension liability 58.33%

CITY OF YPSILANTI, MICHIGAN POLICE AND FIRE RETIREMENT SYSTEM

Notes to Financial Statements

Actuarial assumptions. The total pension liability was determined by an actuarial valuation as of June 30, 2015 (and rolled forward to June 30, 2016), using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	No explicit price inflation assumption used
Salary increases	4.0-9.0 percent, average, including inflation
Investment rate of return	7.5 percent, net of pension plan investment expense, including inflation
Mortality rates	RP-2014 Healthy Annuitant Mortality Table

The actuarial assumptions used in the June 30, 2015 valuation were based on the results of an actuarial experience study for the period July 1, 2009 through June 30, 2014.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2016 (see the discussion of the System's investment allocation policy) are summarized in the following table:

Asset Class	Long-term Expected Real Rate of Return
Domestic equity	7.67%
Domestic fixed income	4.80%
International equity	7.20%
Cash	2.30%

Discount rate. The discount rate used to measure the total pension liability was 7.5 percent. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that City contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total

Notes to Financial Statements

Sensitivity of the net pension liability to changes in the discount rate. The following presents the net pension liability of the City, calculated using the discount rate of 7.5 percent, as well as what the City's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.5 percent) or 1-percentage-point higher (8.5 percent) than the current rate:

	1% Decrease (6.5%)	Current Discount (7.5%)	1% Increase (8.5%)
City's net pension liability	\$ 24,406,322	\$ 19,381,671	\$ 15,369,075

REQUEST FOR LEGISLATION

DATE: December 23, 2016

FROM: John M. Barr, Ypsilanti City Attorney
SUBJECT: Amendments to Discrimination Ordinance

SUMMARY/BACKGROUND

The Human Relations Commission (HRC) has reviewed the city Discrimination Ordinance and suggested several changes as follow:

1. The HRC made some grammatical changes.
2. Added a class of gender as a protected class.
3. Added the provision of a "perceived" status, mainly regarding gender classifications.
4. Added immigration status as a protected class.

This office reviewed the draft ordinance and met with a representative of the HRC to discuss the changes. After review we have added an exception to section 58-71 of any action required by law. In other words, if an action is mandated by law, such as not employing an undocumented alien, that would be an exception to the ordinance and not a violation of the ordinance.

### VIII. REMARKS BY THE MAYOR –

Mayor Edmonds replied to Ms. Washington-James by saying Council will look into the issue and asked Manager McMullan to follow-up. She invited Ms. Ellis to the January 10<sup>th</sup> Council Meeting to when Council will be discussing that issue. She advised Mr. Graham to file a complaint.

Council Member Richardson apologized to Ms. Washington-James and said the City needs to stay informed of what is happening and agencies operating in the City, including DTE, should inform the City. She apologized to Mr. Graham for the experience he had, and assured him an investigation would take place.

Council Member Murdock explained to Ms. Ellis, and any other interested parties, that we would be happy to forward them the draft ordinance concerning immigration.

### IX. ORDINANCE - SECOND READING –

1. Resolution No. 2016-203, approving Ordinance 1271, AN ORDINANCE TO AMEND THE YPSILANTI CITY CODE TO ESTABLISH A TRUCK ROUTE AND REGULATE COMMERCIAL VEHICLE TRAFFIC WITHIN THE CITY OF YPSILANTI; TO PROHIBIT TRUCK AND COMMERCIAL VEHICLE TRAFFIC ON OTHER ROADS; AND TO PROVIDE PENALTIES FOR THE VIOLATION THEREOF, PURSUANT TO ITS AUTHORITY UNDER ARTICLE VII, SECTION 29 OF THE MICHIGAN CONSTITUTION OF 1963 AND SECTION 726 OF THE MICHIGAN VEHICLE CODE, ACT 300 of 1949 (MCL 257.1 ET SEQ)". **(Removed from agenda 10-18-16)**

#### **Moved by Council Member Robb, seconded by Council Member Murdock**

Council Member Robb explained his frustration; Council has been working on this for two years with input from the community. Council gave direction to regulate truck traffic in Ypsilanti and staff did not take direction. He stated staff was asked to create a solution to a problem, and instead what was submitted by staff is a recommendation to not approve this ordinance. He asked staff why alternate solutions were not examined and submitted to Council.

Ms. Ernat replied staff's response is directed at this specific ordinance and staff was not directed to create alternate solutions.

Council Member Murdock replied a year ago that he and Council Member Robb met with the City Manager, representatives from OHM, and DPS Director Stan Kirton. He said Mr. Kirton brought a variety of issues relative to roads; one of them was truck traffic in the City. The City has had issues with truck traffic and the recommendation was to implement a truck route plan. He said possibility of losing Federal Funding if a truck route is created, but there isn't a case where that has ever happened which has been confirmed by SEMCOG and MDOT.

Ms. Ernat said staff reached to contacts in funding agencies and received information that there is a possibility federal funding could be pulled. Its staff's responsibility to communicate that, what Council does with that information is their choice. She said staff has no fundamental reason not to create truck routes aside from the possibility of losing funding.

Council Member Vogt said the intention is not to divert truck traffic from one part of the City to another, but outside of the City completely. There isn't hard data on the current routes and there is only an anecdotal understanding. He said Council is not interested in approving anything

that will cause uncertainty. He added greater study needs to be completed before voting on this ordinance.

Council Member Bashert said she is not going to talk about the funding questions because it is up in the air. She asked if truck routes would only address pass through traffic, and there is not data available explaining how much of truck traffic is pass through. She added even if this ordinance is approved it is possible it would do little to address the problem.

Mr. DuChene explained the ordinance does somewhat address this; he said if a delivery is being made to the Gateway neighborhood the truck would have to keep on the designated route as possible. He said a driver can make a diversion but must quickly divert back to the proper route.

Council Member Bashert said this is unenforceable, the driver could simply say they were making a delivery.

Council Member Robb stated the data being requested does not exist. He said there is a lot of cut through traffic on City roads and currently the City has no recourse to control this traffic. He said many communities do this around the State, and if the issue is suggested routes that can be debated, but he cannot agree to outright reject truck regulation when it is a common practice in the state.

Council Member Richardson responded she is not opposed to the idea of regulating truck traffic. The opposition she has heard coming from residents is they are not opposed to the regulation of truck traffic, it's the suggested routes. She's not in favor truck traffic going up and down Hamilton and Huron.

Mayor Edmonds said she would be voting no on this ordinance. She doesn't have an issue with regulating truck traffic but this ordinance is not feasible to enforce. She said people live on almost all of the streets in the City and unfortunately trucks will be on roads that people live. She said while she appreciates trying to divert trucks out of the City it only moves the problem to our neighbors.

Council Member Murdock said this ordinance is trying to limit the amount of streets trucks can use. He said Hewitt is a designated truck road by the County and the City has no recourse to change that. If you look at the County Map of truck routes and how they connect to the City you will notice they connect with the major arteries, traffic is focused on M-17 and Michigan Ave, when looking north of the City Prospect, LeForge, Holmes and many other roads are not truck routes. Everything north is not connecting, where it does connect is to the East, and that's where traffic coming from the east is most likely go.

Mayor Edmonds said she would rather keep the stress equal among everyone rather than chose winners and losers.

Council Member Vogt suggested reaching out to local trucking companies to access truck route data. There will be several different sources from that, and possibly using state and local police agencies could provide information. He said Council was told staff would research and report on data that was acquired. There is enough data for us to make informed decisions. He disagreed there is an undue burden to move truck traffic into more rural areas, driven Clark and Harrison, Clark and Ford to see where R&L would drive if they aren't coming down Prospect and those routes are less populated and the set back of houses are much greater. Those routes have less traffic and it should be easier for them than to drive through Hamilton with their tight turns. It is the Township taking the burden but it is also the safest routes.

Mayor Edmonds asked staff if R&L has been contacted.

Ms. Wessler replied that she did not contact R&L.

Council Member Murdock said suggestions for amendments from various people. He suggested that these be adopted, and there were three suggestions; MDOT suggested we add language in the ordinance including the list of streets and state highways. Secondly there was a mistake on the map, Harriet only went to Huron street, not up to Hamilton, and it is in the language but not on the map. Thirdly, add Maus from Grove to the City limit making a loop into the Township and back to M-17.

Offered by Council Member Murdock, supported by Council Member Robb

On a roll call, the vote to amend Resolution No. 2016-203 was as follows:

**XI. RESOLUTIONS/MOTIONS/DISCUSSIONS –**

1. Resolution No. 2016-275, approving the MOU between Washtenaw Community College and the City of Ypsilanti regarding Parkridge Center.

Moved by Mayor Pro-Tem Brown, seconded by Council Member Richardson

Manager McMullan said the contract with Washtenaw Community College and the City to provide programming at Parkridge will expire December 16<sup>th</sup>. She explained by action of Council staff is only directed funding until the end of this fiscal year. Anthony Williamson stated he contacted the new Dean of WCC to convey the value of the current partnership, while making them aware funding in the future. He said he spoke with Mr. Barfield who has agreed to spearhead fundraising efforts to continue what has been started. Ms. McMullan stated signing this MOU solidifies our commitment to Parkridge and working with WCC the agreement is for funding for the next 6 months, and added there is available grant funding if absolutely necessary.

Mayor Edmonds asked why there is not a budget amendment included with this MOU.

Manager McMullan replied that she was advised by the Finance Department the budget could be amended at the end of the Fiscal Year.

Mr. Barr explained Mr. Barfield is in the audience and the Attorney’s Office has been meeting with him and his accountant to prepare a contract. He explained Mr. Barfield has raised \$200,000 as an endowment fund for Parkridge and is agreeing, once everything is signed, to contribute \$27,000 a year to Parkridge.

Manager McMullan asked Mr. Barfield how much he has committed and starting when.

Mr. Barfield answered \$27,000 a year starting immediately.

Manager McMullan asked if this would cover payments failed to be made to the City. Mr. Barfield replied he would like begin repayment in the next months and start the \$27,000 this year. Manager McMullan responded that is acceptable.

Mayor Edmonds asked if Mr. Langston would like to add anything.

Mr. Langston said he is here representing WCC and that the college would want to keep the relationship with the City of Ypsilanti and the Parkridge center. He said it has always been WCC's plan to provide community service in the eastern part of the County. He said the program at Parkridge has continued to grow over the past ten years. He stated it is imperative to keep the program going for the residents of the City and residents in the greater community. He asked the Council is if the sticking points the amount of money that is paid yearly.

Mayor Edmonds responded Council has always supported Parkridge, but funding is an issue, which is the partnership with WCC and Mr. Barfield is so essential.

Council Member Richardson said saving and maintaining Parkridge is extremely important, and was opposed of removing recreation from the budget in 2003. She there have been various points throughout her tenure on Council that the City didn't want to assist in funding or maintain the building and Council cannot allow this building to deteriorate. She stated Mr. Barfield and other community members came together and were able to keep Parkridge open, working without pay for three years until the establishment of the Parkridge Advisory Board. She sees Parkridge as more than a recreation center but an enhancement center, not just to the City but to the greater community.

Mayor Pro-Tem Brown echoed Council Member Richardson's comments and added Parkridge is a safe space for this City's youth. She said since she was young she has been a part of Parkridge and happens there is truly magnificent. She expressed her gratitude for the partnerships as they are what kept Parkridge going.

Mr. Barfield said he hired a Development Officer and is training that person to build and endowment. It is his hope that over the next five years an endowment of \$1 million to \$2 million will be created. We will work to create an endowment for Parkridge and if we work together we can salvage it and make it more viable to the City.

Council Member Vogt said in the past the WCC program gave an excess of \$250,000 if the City and other private sources could produce \$27,000. He agreed with Ms. Richardson that Parkridge is about nurturing, training, helping, and educating youth, especially those from troubled homes. It is a tremendous asset and it should be continued anyway it can.

Council Member Robb asked for his understanding that \$31,391 out of the budget that is going to be put back in at the end of the year.

Manager McMullan said they gave them \$10,000 to maintain the building, and the janitorial. The excess of that has been \$13,000, what goes back into the fund would allow us to be fully reimbursed once Mr. Barfield put in his donation.

Council Member Robb asked Mr. Barr for clarification regarding a date.

Mr. Barr responded said Mr. Robb caught a typo and it should say for 2017. Council Member Robb asked if they would have to amend that. Mr. Barr said they could get a clean copy for the signing and they would have to note that it has been changed.

On a roll call, the vote to approve Resolution No. 2016-275 was as follows:

|                           |     |                     |     |

2. Resolution No. 2016-276, approving the Bell/Kramer testing proposal.

**Moved by Council Member Vogt, seconded by Mayor Pro-Tem Brown**

Ms. Ernat said the last council meeting staff was directed to solicit pricing for testing. She asked AKT Peerless to be here tonight to discuss possible. We will need to have access agreement with all the home and structures, it would take two hours per home and would need to be installed in the lowest part of the home. The testing would require a small hole that could be permanently covered afterwards. The monitoring includes fifteen samples and would include about ten structures.

Mayor Edmonds asked if the samples were all in the structures on that block.

Ms. Ernat said the testing would not include any housing in the Ypsilanti Housing Commission.

Mayor Edmonds asked for more information on the testing.

Ms. Vienna from AKT Peerless stated data for some previous investigation in 2013 have been researched and based on the results the scope of work will be to examine both methane in the subset. She said AKT would resample if necessary based on the data, or expand the investigation further outwards. She said AKT will be looking for both volatile organic compounds and test for methane in the landfills obviously because of the breakdown of garbage, sometimes a pocket of gas will move in a different direction.

Ms. Ernat said they did meet with Michigan Department of Environmental Quality and they were satisfied with this being a starting point for testing.

Council Member Richardson said she would like make sure the housing behind the gas station would be tested too.

Ms. Ernat responded that those houses are included.

Mayor Edmonds asked if there was a reason to be testing in the landfill, surface or otherwise.

Ms. Ernat responded that after recommendations from MDQ and longer discussions with AKT staff feels this is the critical part of the test. She said we know there is methane existing in the landfill, but we know to know where it is migrating.

Council Member Richardson asked what are we prepared to do if we find methane.

Ms. Ernat responded a strategy depends on what is found. She explained methane, for example, will always take the path of least resistance, there could be more or less. We could use monitors such as CO2 Monitors that indicate like a fire alarm when those levels are higher, this is an easy solution we could provide immediately at a lower cost.

Mayor Edmonds asked what different ways of mitigation are available.

Ms. Vienna said that you could install a venting system they are pretty simple to design and install. She said it would be prudent to find out the results first before moving ahead with plans.

Mayor Pro-Tem Brown asked for clarification of the testing process.

Ms. Vienna replied two hours for testing because 45 minutes after the installation before it is stable to collect the samples, we then send it to the lab, which is a turnaround of about five to six days, then analyzed and a report prepared for the City.

Mayor Pro-Tem Brown said it wasn't "until 30 days" but "within 30 days". After that we can take more action and planning. She asked what the timeline is for the radon vents.

Ms. Ernat responded once the results are received staff would report to Council if it would require immediate attention Council would be contacted immediately, for something moderate staff would wait for the final report to be brought to Council.

Mayor Edmonds asked if residents in the structures being tested will be informed of the results immediately.

Ms. Ernat responded the information would first go to Council and staff would inform residents, but Council will make the final decisions in terms of remediation.

Council Member Bashert said she is very pleased with the swift response when concerning the health of residents. She asked if an issue could develop since this project went to bid. Council Member Robb said it is only \$25,000.

Ms. Ernat responded the City and AKT Peerless have a professional service contract of up to \$225,000. Ms. Ernat added it was not necessary for staff to bring this to Council for approval however it is staff's intention to keep Council abreast of what is happening at Bell/Kramer.

Mr. Barr said there is an exception in the charter for professional services.

Council Member Murdock asked if they are testing for VOC and Methane should be complete relatively quick.

Ms. Ernat responded the results will be available somewhat quickly, but the final report will take more time.

Council Member Murdock stated the testing will provide data on how the City should proceed. He asked how the City will fund possible remediation.

Ms. Ernat responded the budget was reduced from \$20,000 to \$10,000 but it can be amended at the six month budget review.

Council Member Murdock stated a budget amendment will require a budget amendment. Ms. Ernat replied it would occur during the six month budget review. Mr. Murdock asked if the City had a similar professional services contract with AKT as it does with OHM. Ms. Ernat

responded in the affirmative. Mr. Murdock asked if that contract was sufficient for remediation. Ms. Ernat responded in the affirmative. Council Member Robb added the funding should be expended from that contracted amount.

Council Member Robb said his concern is through this process the City is creating a lot of data with no baseline to measure. He stated the City is fundamentally creating a baseline with this testing with uncertainty of how long possible levels have existed. He added this data could potentially put the City at risk.

Ms. Vienna stated based on the previous studies the levels were very low to not existent near the residential structures but it is prudent to test in the homes.

Mayor Edmonds asked for clarification on the baseline.

Ms. Ernat said that the baseline tests were taken around 1975. She said at that time testing was not completed in the structures in that area. Council Member Robb asked why sampling is not done to learn how possible contamination is migrating instead of creating new data by testing in the homes in the area.

Ms. Ernat replied Council gave the direction to focus on potential harm to the residents.

Council Member Robb said he understands but the data could be used against City.

Council Member Murdock replied Pandora's Box was already opened with the testing already completed and it is important to understand how those residents are being affected.

Council Member Bashert added the issue is not to find out where the contamination is but determining the impact has on the lives and health of residents.

Council Member Robb responded in his industry that is not how testing would be complete for fear of massive lawsuits. He appreciates the health of everyone, but they are here to protect the City and that is what concerns him.

Council Member Bashert responded that with all due respect to Council Member Robb there are areas of his industry that handle liability differently.

Council Member Richardson stated this is a situation the City created and that the City needs to take responsibility to correct.

Council Member Robb replied he is not stating it is not the responsibility of the City and the City shouldn't correct the problem but the City should be testing the migration patterns and not inside the homes.

4. Resolution No. 2016-278, directing staff to negotiate an agreement with Amicus Management for a one-time cash payment for a sign lease to end in 2022.

**Moved by Council Member Richardson, seconded by Mayor Pro-Tem Brown**

Economic Development Director Beth Ernat stated this information was received early this week that a company is seeking to buyout some of Adam’s Outdoor sign leases. She stated the Attorney’s Office has some concern that if the sign would be leased again the lessor would attempt to remove the City form the agreement. She does not share that fear because the City is the property owner and the City would not be willing to negotiate a proposal that would not benefit the City. She added at one point this specific billboard was scheduled to be removed by Adam’s Outdoor. She stated the Finance Department has agreed it would be more beneficial for the City to receive a onetime payment of \$10,000 rather than continue receiving \$1,500 a year. She added this is not very risky and could benefit the City.

Council Member Vogt asked who is responsible to remove the sign if the lease is not renewed in 2022. Ms. Ernat responded the City would be responsible. Mr. Vogt stated it is a reasonable amount however he is neutral but it would be useful to add to the agreement that Amicus would remove the sign.

Ms. Ernat stated it is her opinion the parcel that holds the sign is not very attractive for development due to its size. Ms. Ernat stated the billboard is a steady stream of revenue for the City even if it only amounts to \$2,000 a year.

Council Member Robb stated this is not about possible revenue rather how Ypsilanti sees itself as a community. Mr. Robb stated the City prides itself on its Historic District and the City should not have billboards in its Downtown. Mr. Robb said if the City enters into this contract it means for the next six years this billboard may not be removed and the amount of money involved should remove any consideration. Mr. Robb added he believes Council should not approve this resolution and wait until Adam's Outdoor removes its billboard.

Council Member Murdock asked if Adam's leases the billboard this billboard would not apply to the agreement that Adam's must tear down billboards in order to construct others. Council Member Robb added that makes this an even worse prospect for the City. Ms. Ernat stated she does not disagree but \$10,000 will assist in covering a soil test however it would not assist in solving greater budget issues. Mayor Edmonds responded \$10,000 could help to fund one of the recreation centers in the City. Mr. Robb responded this should be considered in if Council would like billboards in the Downtown.

Council Member Bashert stated she is not a fan of billboards but this parcel is in a downtown area full of businesses, and billboards and advertising are a part of businesses. Ms. Bashert stated because of this it is not out of character to have a billboard in a downtown.

Council Member Richardson stated if Council approves of this resolution the lease would end in 2022 and at that time Council can decide how it would like to proceed. Council Member Robb stated Council can direct staff to inquire what the cost would be to get out of the lease and remove the sign.

Mayor Edmonds stated if Council chooses to not approve this resolution the City will continue to receive \$1,500 a year and there is a possibility Adam's could remove the sign. Ms. Ernat stated one of the strategies in creating additional revenue would be to capitalize on the I-94 properties owned by the City. Ms. Ernat stated the City is limited by state statute but can permit two more digital billboards along the highway.

Council Member Bashert stated this might be more of a concern of reducing expenses instead of creating more revenue. Ms. Bashert stated it is not wise to both not accepting this lease and incurring the cost of removing the billboard.

Council Member Richardson asked if this is not approved will Adam's Outdoor remove the sign. Ms. Ernat responded no. Council Member Robb interjected unless Council removes the possibility and approves this Adam's could remove the billboard.

Mayor Edmonds stated the lump sum payment is not necessarily more revenue it is just received up front rather than over time.

On a roll call, the vote to approve Resolution No. 2016-278 was as follows:

Ms. Ernat added the study has also showed that the piping system is also susceptible to freezing. Ms. Ernat stated the Friends of the Freight House have not responded to questions from the City regarding this plan.

Council Member Vogt asked what the estimated cost would be to complete the project. Ms. Ernat responded less than \$10,000. City Attorney Barr responded he is in the process of getting in touch with a legal aid from Southeastern Legal Services of Michigan for assistance.

Mayor Edmonds stated it was her understanding the issue with mail had been resolved. Interim City Manager McMullan responded she would follow-up with the Post Master. Ms. Ernat added the management service is arranging for offsite delivery and the residents will need to go to the management center. Ms. Edmonds asked for this to be confirmed.

- Asked that Department Heads prepare a report to forward to Council to read prior to Goal Setting.

- Asked if Council would like to provide tours for potential City Manager candidates on the Friday prior to the interviews on December 17<sup>th</sup>.

Council Member Bashert stated it is a best practice and believes the City should provide tours however she would not be available on that date. Council Member Murdock agreed it would be a good idea. (Construction layout, observation, construction engineering and contract administration)

#### **Construction Layout**

OHM will provide construction survey layout services for the signal installation and paving activities. Staking will be provided for signal pole locations, pedestrian push button locations, curb elevations, ramp elevations and drive approaches. This will include the initial placement of the stakes and if removed by residents and/or contractor one (1) additional staking.

#### **Construction Observation**

OHM will provide full time on-site construction observation services for all signal work and paving activities and restoration. For this proposal, we anticipate eight weeks that will require full time inspection. If the contractor requires more time than this for the major items of work, additional fees may be required. Coordinating materials testing services will also be included under construction observation. Material testing is shown as a separate line item below.

#### **Construction Engineering**

OHM will provide construction engineering services for the paving portion of this project. Construction engineering services will include, but are not necessarily limited to, reviewing shop drawings and materials certifications provided by the contractor, attending a pre-bid, preconstruction, and one public meeting, answering requests for information (RFIs) from the contractor, resolving construction conflicts (i.e., mismarked utilities, interpretation of the contract documents, etc.). Record drawings will also be provided.

OHM proposes to provide the above outlined professional services on an Hourly - not to exceed basis.

This is an hourly estimate (not to exceed if there are no scope changes). If it appears during the project that this estimate will be exceeded OHM will notify the City in a timely manner and indicate the reasons that the budget will not be met (e.g. the contractor’s productivity and field conditions).

REQUEST FOR LEGISLATION  
January 10, 2017

To: Mayor and Council

From: Frances McMullan, Interim City Manager

Subject: Change Order Approval – Marsh Plating contract (Park and Grove Closures)

---

**SUMMARY & BACKGROUND:** City Council entered into an agreement with Marsh Plating on June 7, 2016. The agreement dedicated a road easement to the City and included compensation to Marsh Plating for the easement. The compensation agreed to was based on the estimated cost of the improvements necessary to enhance the City right-of-way to accommodate vehicle movements as well as to mitigate the loss of the easement area. This was all done in preparation for the closures of at-grade railroad crossings located at Park and Grove. Construction is complete. The attached invoice from the contractor retained by Marsh Plating itemizes the work completed.

There was additional work necessary to complete the project. The additional work included tree removal along the property line, removal of debris from the rail right-of-way, a revised storm sewer layout, removal of road and base from Grove Road for the storm sewer, and concrete barriers in lieu of a guardrail.

OHM authorized the additional work and oversaw the project. The additional work was necessary and unavoidable. Per the agreement with Marsh Plating, reimbursement for the actual cost of work is required from the City. The base contract was \$171,000. The additional work totals \$25,730 for a project total of \$196,730. As the change order is above \$25,000, council approval is being requested.

**RECOMMENDED ACTION:** As the work has been completed and was necessary for the project and per the contract the City pays change orders necessary for the project, approval is recommended.

**ATTACHMENTS:** Letter of review from OHM and Invoice from Kaas Builders.

Attention: Ms. Beth Ernat

Regarding: **Grove Street Crossing Closure  
Marsh Plating Agreement – Final Payment**

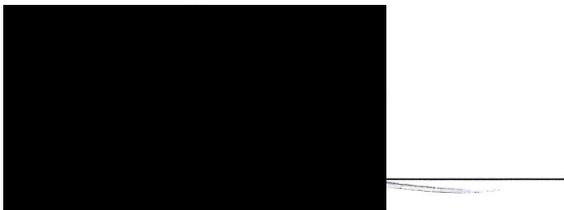

Dear Ms. Ernat:

The City Council entered into an agreement with Marsh Plating via resolution No. 2016-124 on June 7, 2016. This agreement dedicated a road easement to the City and included compensation to Marsh Plating for the easement. The compensation agreed to was based on the estimated cost of the improvements necessary to enhance the City right-of-way to accommodate vehicle movements as well as to mitigate the loss of the easement area. Construction is now complete and incurred costs are known. The attached invoice from the contractor retained by Marsh Plating itemizes the work that was completed. The breakdown is summarized below:

|                                         |                  |
|-----------------------------------------|------------------|
| Base contract:                          | \$171,000        |
| Tree Removal along property line:       | \$1,650          |
| Remove HMA from rail row:               | \$4,750          |
| Revised storm sewer layout:             | \$16,500         |
| Grove Road HMA repair:                  | \$1,480          |
| Concrete barriers in lieu of guardrail: | \$1,350          |
| <b>Total:</b>                           | <b>\$196,730</b> |

The revised and additional work that was completed was necessary to complete the project. OHM has reviewed the invoice and agrees that the invoice accurately reflects the work completed. The amount of the claims is consistent with average industry pricing for similar work.

Per the purchase agreement, compensation is due to Marsh Plating for the actual cost of the work. We recommend payment to Marsh Plating for the total amount incurred following receipt of a signed affidavit that no additional claims will be pursued by Marsh Plating or their contractor, John R. Kaas Builders.

Subject: Approving Revocation/Denial of Medical Marijuana Dispensary Appeal Fee

---

SUMMARY & BACKGROUND:

Section 7-10 of the Medical Marijuana Ordinance provides that if an applicant or licensee has a license refused, or revoked they may appeal. The appeal must be submitted with fee to the Clerk within 30 days.

Upon investigation of the ordinance and Fee Schedule currently a fee has not be set for an appeal of licensee denial or revocation.

It is the opinion of staff that the fee be set at \$1,100 covering cost resulting from further staff investigation and possible hearing.

BETWEEN THE CITY OF YPSILANTI AND
DARWIN D. P. McCLARY**

This agreement is made between the **CITY OF YPSILANTI**, a Michigan municipal corporation, hereinafter referred to as the "CITY" and Darwin McClary of 9293 Pinestead Drive, Commerce, MI 48390, hereinafter referred to as the "EMPLOYEE" (hereinafter collectively referred to as "Parties") for the purposes herein. The parties have negotiated certain terms of the EMPLOYEE's employment with the Employer and have come to certain understandings about the terms and conditions of employment and wish to evidence this in writing.

In consideration of the premises and of the benefits to be derived from the mutual observance of the covenants in this Agreement, the parties agree as follows:

1. EFFECTIVE DATE. The Parties acknowledge and agree that EMPLOYEE's start date shall be February 13, 2017.

2. DUTIES. The CITY agrees to employ the EMPLOYEE as the City Manager of the CITY to perform all duties specified by Article IV, Section 4.03 of the Ypsilanti City Charter and by ordinances, and to perform such other proper duties as assigned by City Council. The EMPLOYEE agrees to carry out his duties in an efficient and conscientious manner, and to exercise his discretion and judgment in the best interests of the CITY at all times.

3. LENGTH OF EMPLOYMENT, TERMINATION, AND SEVERANCE PAY. This employment agreement as City Manager is contingent upon the EMPLOYEE's acceptance of the appointment, the EMPLOYEE's approval and acceptance of this employment agreement document, approval by City Council of the EMPLOYEE's appointment to City Manager and this employment agreement document, and satisfactory completion of all pre-employment aspects of this appointment, including a drug screen, background checks, driver's record check and any other pre-employment verifications deemed necessary by City Council.

Subject to the terms and conditions of this employment agreement, and notwithstanding any City personnel regulation or representation to the contrary, the EMPLOYEE shall be an "Employee-at-will" and nothing in this agreement shall prevent, limit or otherwise interfere with the right of the City Council to terminate the employment of the EMPLOYEE at any time except as such right to terminate employment is limited within this document or by the City Charter.

a. The Parties agree that EMPLOYEE shall remain in the employ of the CITY for a minimum of four (4) years unless this agreement is terminated prior to that date as provided herein.

b. In the event the EMPLOYEE is terminated with/for cause, the CITY shall have no further obligation to pay any amount under this agreement and the EMPLOYEE

shall not be entitled to any further compensation, including but not limited to severance pay or additional salary but will be entitled to receive pay for his vested executive leave time as of the time of his termination.

c. For purposes of this Agreement, the termination of EMPLOYEE's employment shall be deemed to have been with/for cause only:

- i. if termination of his employment shall have been the result of EMPLOYEE's willful engaging in dishonest or fraudulent actions resulting or intended to result directly or indirectly in any demonstrable material harm to the City, or
- ii. if there has been a willful and continued failure by the EMPLOYEE during his employment (except by reason of incapacity due to physical or mental illness) to comply with the provisions of this Agreement, and the EMPLOYEE shall have either failed to remedy such alleged breach within ten (10) days from his receipt of written notice from the City demanding that he remedy such alleged breach or shall have failed to take all reasonable steps to that end during such ten-day period and thereafter; or
- iii. if there has been a breach of fiduciary duty involving personal profit to the EMPLOYEE;

d. In the event the EMPLOYEE resigns his employment, he must give sixty (60) days prior written notice to the CITY. Furthermore, the EMPLOYEE shall not be entitled to any severance pay. Failure to give the required notice shall forfeit any vested executive leave time pay out. In the event that timely notice is given by EMPLOYEE, EMPLOYEE shall be entitled to any vested executive leave time payout.

e. In the event the EMPLOYEE is terminated without cause, the CITY shall pay to the EMPLOYEE a lump-sum severance payment according to the following schedule:

- i. if terminated during the first year of employment, severance pay shall be an amount equal to ninety (90) days salary plus vested executive leave time payout.
- ii. if terminated during the second year of employment, severance pay shall be an amount equal to one hundred twenty (120) days salary plus vested executive leave time payout.
- iii. if terminated during the third or a subsequent year of employment, severance pay shall be an amount equal to one hundred eighty (180) days salary plus vested leave time payout.

4. BASE SALARY. Unless otherwise mutually agreed by the Parties, the CITY shall pay a salary not less than one hundred thousand dollars (\$100,000.00) per year, payable bi-weekly in installments at the same time as other EMPLOYEES of the City are paid. Any

and all adjustments to salary shall be made only by City Council, salary shall be reviewed annually, and may be made by budget authorization.

6. RESIDENCE ALLOWANCE. The CITY desires that the EMPLOYEE reside with the City of Ypsilanti but recognizes that the EMPLOYEE is not required to do so. The Parties agree that, if the EMPLOYEE elects to purchase a home within the CITY, the CITY shall reimburse the EMPLOYEE for actual moving expenses up to three thousand dollars (\$3,000.00) upon submission by the EMPLOYEE of paid receipts for such expenses. The CITY shall also provide a forgivable loan to the EMPLOYEE equivalent to the same terms, conditions, and amounts offered at the time of execution of this Agreement by Eastern Michigan University to its employees under its "Live Ypsi" program, attached hereto for reference.

7. PROFESSIONAL DEVELOPMENT. Employer agrees to budget for and to pay the professional dues, subscriptions, travel, and subsistence expenses of EMPLOYEE for professional participation and travel, meetings and occasions adequate to continue his professional development. Participation can include, but not be limited to the National League of Cities, International City County Management Association, Michigan Municipal League, Michigan Municipal Executives and such other national, regional, state and local governmental and community groups and their committees for which EMPLOYEE serves as a member, or when participation is beneficial to the CITY, as well as associated short courses, institutes and seminars.

8. INDEMNIFICATION/REIMBURSEMENT. The CITY shall defend, save harmless and indemnify the EMPLOYEE against any tort, professional liability claim, or demand or other legal action, whether groundless or otherwise, arising out of an alleged act or omission occurring in the performance of EMPLOYEE's duties/responsibilities as City Manager, provided the EMPLOYEE acted both in good faith and within the scope of his duties/responsibilities as City Manager, and further provided the EMPLOYEE fully cooperates with the CITY in its defense of the claim, demand or other legal action. The CITY may, in its discretion, compromise and settle any claim or suit and pay the amount of any settlement or judgment rendered thereon. Indemnification shall not be provided to the EMPLOYEE by the CITY if the claim, demand or other legal action results from the willful misconduct or willful insubordination of the EMPLOYEE or if the claim, demand or legal action involves any proceeding where the EMPLOYEE is the plaintiff or an adverse party to the CITY. In addition, the City shall pay or reimburse the EMPLOYEE for all normal and reasonable expenses, including travel expenses, incurred by the EMPLOYEE during his employment or after separation of employment in connection with the EMPLOYEE's responsibilities to the City.

9. EXECUTIVE LEAVE. In lieu of vacation, sick, and personal leave time only, the EMPLOYEE shall be credited with forty (40) days of executive leave immediately on his first day of work and shall be credited with an additional forty (40) days of executive leave on each employment anniversary date thereafter to be used at the sole discretion of the EMPLOYEE. Executive leave shall not roll over from one year to the next. It is agreed that the EMPLOYEE shall not use more than ten (10) consecutive work days at a time except for illness or another emergency. In the last year worked, executive leave will be paid out on a pro rata basis for time not used but accumulated that year.

10. AUTOMOBILE ALLOWANCE. The CITY agrees to pay to the EMPLOYEE, in addition to other salary and benefits herein provided, the sum of four hundred fifty dollars (\$450.00) monthly as an automobile allowance to be used to purchase, lease, or own, operate, and maintain a vehicle. The EMPLOYEE shall be responsible for paying for liability, property damage, and comprehensive insurance coverage upon such vehicle and shall further be responsible for all expenses attendant to the purchase or lease, operation, maintenance, repair and regular replacement of said vehicle. If the CITY requires any additional insurance to protect against its own liability, the CITY shall pay any additional cost for such insurance or shall arrange for such coverage through its own insurance carrier at the CITY's cost.

11. COMPENSATION TIME. The job of City Manager is an executive position and requires more than forty (40) hours per week. The normal business hours for the CITY are from 8AM to 5PM. No overtime pay is expected and none will be paid, and the EMPLOYEE will not accrue any "comp" time. The parties understand and agree that the EMPLOYEE shall manage his own time and may need to use some time during the regular business day for personal business.

12. INSURANCE.
