SUBJECT: Traffic Control Order prohibit pedestrian traffic on Michigan Avenue Medium

**SUMMARY/BACKGROUND**

Michigan Avenue in the downtown area was modified and a raised median installed. The median was designed as a traffic device and not as a pedestrian walk way. Lately pedestrians have been using the median and are posing a safety issue. DPW and the Police Department have requested legislation to prohibit pedestrian traffic on the raised medians for safety reasons. The City Manager has signed a Traffic Control Order to prohibit pedestrian traffic. The area needs to be signed to notify the public. Since the area is a State Trunk line, MDOT approval is required to post signs. MDOT requires a city resolution to take action.
