

City of Ypsilanti

From the Desk of the City Manager, Frances McMullan

As October 31st approaches I want to encourage everyone to be safe and to continue to follow safety guidelines and social distancing requirements. As we continue to follow COVID-19 trends, I recommend that you do not participate in trick-or-treating this year. The CDC and the Washtenaw County Health Department have associated some risk with trick-or-treating and the City of Ypsilanti is determined to continue to maintain public health and to do all that we can to help prevent the spread of COVID-19. Remember to continue to follow state orders which include using face coverings, maintaining 6 feet of distance from individuals that are not in the same household, and limiting the size of social gatherings.

With that, there are still fun and exciting events that you can enjoy throughout the rest of the month (listed below). There are also fun and creative ways to celebrate at home including pumpkin carving, hosting an online celebration, and face mask decorating.
